Planning Commission Resolution No. 2017-002, Recommending that the City Council Adopt an Ordinance Amending Section 2-576 of Article 5 of the San Leandro Zoning Code Related to Accessory Dwelling Units and Amending Other Code Sections as Needed for Internal Consistency

[Exhibit B](#)

Chair Pon opened the public hearing. There were no public comments. Chair Pon closed the public hearing.

Regarding the idea of allowing both the Accessory Dwelling Unit (ADU) and the primary dwelling unit on a property to be rented, a straw poll of Commissioners indicated four supported and one did not. The dissenting

Commissioner noted that allowing both units to be rented could affect neighborhood character, and could turn single family homes into rental business enterprises.

Regarding the proposed prohibition on short-term rentals of ADUs, a straw poll again indicated four in support and one opposed to this prohibition. The dissenting Commissioner in this case felt the market would guide the use of most ADUs toward longer-term rentals, and that the City did not need to intervene on this factor.

Commissioner Breslin made a motion to approve PC Resolution 2017-002 with the following minor amendment in Section D.5(b) "Parking, Where Required," seconded by Commissioner Collier (amended words in all caps below):

"A minimum of one **ADDITIONAL** independently accessible off-street parking space shall be required for the ADU, in addition to any **EXISTING** parking spaces required for the principal dwelling."
