1. PROBLEM STATEMENT

The City of San Leandro is the fifth largest City in Alameda County with a population of nearly 91,176 residents in 2021*. The daytime work population is 58,298. San Leandro's population of 65 years and over is 21,428 or 23.5% of total population in 2021*. The ethnic makeup of San Leandro residents is approximately 27.6% of Hispanic/Latin descent and 31% of Caucasian origins, 34.4% of Asian/Pacific Islander origins and 10.3% African American*. The City's population has grown approximately 8.7% from 2011 to 2021 without any increase in land area or major improvement to the street systems*. The City spans over an area of 15.7 square miles and has a total of 176-mile road system.

The City of San Leandro has continued to install or upgrade handicapped ramps, sidewalks, highlighted crosswalks, accessible pedestrian signals, bikeways and bicycle racks to encourage safe walking and bicycling in the community.

Our first concerned issue has been conflicts between vehicle and pedestrian traffic throughout the City. In the type of pedestrian related crashes, San Leandro was ranked at 40th out of 103 cities with comparable populations in 2020 OTS Ranking.

Furthermore, in terms of pedestrians younger than 15-year-old as victims, San Leandro was ranked at 104th out of 106 cities with comparable populations in 2020 OTS Ranking. Concerning pedestrians at age 65 and older, San Leandro was ranked at 52nd out of 106 cities with comparable populations in 2020 OTS Ranking.

Our second concerned issue has been conflicts between vehicle and bicycle traffic. Although San Leandro was ranked at 42nd out of 106 cities with comparable populations in 2020 OTS Ranking for the bicycle related crashes, San Leandro was ranked 39th out of 1036 cities with youth who are under 15-year-old as victims,

Youth (K-8 Students)

Data shows that youth under the age of 15 are increasingly involved in traffic-related crashes as pedestrians and bicyclists. Schools located in the San Leandro are in urban areas with heavy street traffic. The combination of land use policies, the increase urbanization of San Leandro and the increase traffic have made traffic-related crashes the leading cause of injury among youth under the age of 15. San Leandro is one of the leading cities with a large percentage of latch-key children which results in children/teens walking and bicycling unsupervised in peak drive time hours (3:00 pm to 7:00 pm). This unsupervised time is the period where most crashes occur for children/teens. In order to provide children/teens with the knowledge and skills they need to travel safely as pedestrians, a consistent and comprehensive traffic safety program must become a part of a student's day-to-day life in order to affect behavioral changes.

Senior/Older Adults

Walking is the most basic form of transportation for seniors living in San Leandro. As a group, senior citizens are particularly dependent on safe streets for walking because many of them no longer drive. Walking also provides seniors with opportunities for low-impact exercise.

Older pedestrians are at higher risk of falling or being hit by a vehicle, because mobility and perception deteriorate as part of the aging process. An injury can be more serious and recovery takes longer for this age group. In most cases, the benefits of the exercise, independence and social activities associated with walking outweigh the risks.

1. Reduce the number of persons killed in traffic crashes.
2. Reduce the number of persons injured in traffic crashes.

3. Reduce the number of pedestrians killed in traffic crashes.
4. Reduce the number of pedestrians injured in traffic crashes.
5. Reduce the number of pedestrians killed under age 15 in traffic crashes.
6. Reduce the number of pedestrians injured under age 15 in traffic crashes.
7. Reduce the number of pedestrians killed over age 65 in traffic crashes.
8. Reduce the number of pedestrians injured over age 65 in traffic crashes.
9. Reduce the number of bicyclists killed in traffic crashes.
10. Reduce the number of bicyclists injured in traffic crashes.
11. Reduce the number of bicyclists under age 15 killed in traffic crashes.
12. Reduce the number of bicyclists under age 15 injured in traffic crashes.
13. Increase bicycle helmet usage.

B. Objectives:	Target Number
1. Participate in traffic safety fairs and/or community events with an effort to reach individuals.	4
2. Identify straight time personnel and report on activities completed. Include any vacancies or staff changes that have occurred.	4
3. Analyze traffic data reports generated by software included with the traffic data collection cameras and speed trailers. Analysis to include recommendations for various safety enhancements such as RRFB's, crosswalks, signage, speed humps, bulb-outs, delineators and Tuff curbs.	3
4. Outreach to the community via social media or public events to educate the community how to interact with RRFB's, new street and intersection design elements, and mitigation strategies	4
5. Place each of two new cameras that can be moved as necessary to capture traffic patterns, driver behavior, and other valuable traffic data to aid in traffic calming implementation. Placement will be one day to one-week depending on the type of data to be collected.	150
6. Place two new speed radar trailers for a period of two weeks at each location, using one trailer in each direction to alert potential speeding problems on local, residential streets, and streets near school areas to calm traffic speeds throughout the City.	20
7. Purchase and install two (2) new Rectangular Rapid Flashing Beacons at Pedestrian crossings that are on the City's list and have been identified as High Risk Crossings in need of Traffic Calming. Placement on this list is based on resident requests, accident history, speed data, roadway width and vicinity to schools, commercial areas, and other places of interest.	2
8. Purchase two new speed radar trailers in addition to City's sole radar trailer to alert potential speeding problems on local, residential streets, and streets near school areas to calm traffic speeds throughout the City.	2
9. Purchase two new traffic data collection cameras which are cameras that can be moved as necessary to capture traffic patterns, driver behavior, and other valuable traffic data to aid in traffic calming implementation.	2
10. Report on any grant funded travel other than local mileage, such as conferences and/or trainings.	1
11. Track and monitor quarterly traffic safety issues reported to the 311 system. In addition, City staff will input safety issues into the 311 system that arrive by other means such as emails, phone calls, community meetings, city hall meetings, drop by appointments and newspaper articles and letters to the editor. The traffic reports will be generated by data collection devices, analyzed by City staff, and if warranted, generate work orders for installation by Public Works. Larger projects are submitted to Senior Engineers for discussion and inclusion with other traffic-related projects.	4
3. METHOD OF PROCEDURE	
A. <u>Phase 1 – Program Preparation</u> (1st Quarter of Grant Year)	
<ul style="list-style-type: none"> • Develop operational plans to implement the “best practice” strategies outlined in the objectives section. 	

- Conduct all training needed to implement the program.
- Purchase all grant related supplies and materials needed to implement the program

Media Requirements

- Issue a press release approved by the OTS PIO announcing the kick-off of the grant by November 15, but no sooner than October 1. The kick-off release must be approved by the OTS PIO and only distributed after the grant is fully signed and executed. If you are unable to meet the November 15 deadline to issue a kick-off press release, communicate reasons to your OTS coordinator and OTS PIO.

The City of San Leandro will release a Request for Proposals in order to contract with qualified vendors to purchase the items listed above.

B. Phase 2 – Program Operations (Throughout Grant Year)

Media Requirements

The following requirements are for all grant-related activities:

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the Coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, press releases, social media graphics, videos or posts, or any other OTS-supplied educational material. However, copy the OTS PIO at pio@ots.ca.gov and your OTS coordinator when any material is distributed to the media and public, such as a press release, educational material, or link to social media post. The OTS-supplied kick-off press release templates and any kickoff press releases are an exception to this policy and require prior approval before distribution to the media and public.
- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy to your OTS Coordinator. Optimum lead time would be 7 days prior to the scheduled release date, but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Press releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event highlights or announcements, event invites) are exempt from the OTS PIO approval process. The OTS PIO and your Coordinator should still be notified when the grant-related activity is happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).
- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are exempt from the PIO approval process. However, announcements and results of activities should still be copied to the OTS PIO at pio@ots.ca.gov and your Coordinator with embargoed date and time or with “INTERNAL ONLY: DO NOT RELEASE” message in subject line of email.
- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval. Please send to the OTS PIO at pio@ots.ca.gov for approval and copy your grant coordinator at least 3 business days prior to the scheduled release date.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.

- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult your OTS Coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any press releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- Contact the OTS PIO or your OTS Coordinator for consultation when changes from any of the above requirements might be warranted.

C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)

1. Prepare and submit grant claim invoices (due January 30, April 30, July 30, and October 30)

 - Statistical data relating to the grant goals and objectives will be collected, analyzed, and incorporated in Quarterly Performance Reports (QPRs). QPRs for the quarter ending September 30 will include year-to-date comparisons of goals and objectives. If required, a separate quarterly data reporting form will be completed each quarter and submitted as part of the QPR.
 - Reports will compare actual grant accomplishments with the planned accomplishments. They will include information concerning changes made by the Grant Director in planning and guiding the grant efforts.

Reports shall be completed and submitted in accordance with OTS requirements as specified in the Grant Program Manual.

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the “Final Evaluation” section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant’s accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.
