**Subject:** Heron Bay Project

--

Mr Penaranda:

My wife and I are avid users of the Heron Bay Trail.

We recently saw the poster at the trail entrance describing the Heron Bay HOA project to limit access to the trail.

We are quite concerned that this will restrict our use of the trail, and we would like to get a better understanding of the proposal.

We recently moved to the area; one of the draws was the accessibility of the trail. We will be quite upset if it now becomes restricted.

Can you give us more details?

We will try to attend the planning commission meeting; is it on June 19th?

We read something about a "staff report" describing the project. Could you email that or any other description to us?

Thanks very much for your time.
