

MASTER PROGRAMS FUNDING AGREEMENT
between the
ALAMEDA COUNTY TRANSPORTATION COMMISSION
and the
CITY OF SAN LEANDRO

This Master Programs Funding Agreement (“AGREEMENT”), effective as of the 1st of July 2016, is entered into by and between the Alameda County Transportation Commission (“ALAMEDA CTC”) and the City of San Leandro (“RECIPIENT”).

RECITALS

A. On November 7, 2000, the voters of Alameda County, pursuant to the provisions of the Local Transportation Authority and Improvement Act, California Public Utilities Code Section 180000 et seq. (the “Act”), approved the reauthorization of Measure B, thereby authorizing Alameda County Transportation Improvement Authority (“ACTIA”) to administer the proceeds from a continued one-half cent transaction and use tax (“Measure B”).

B. The duration of the Measure B sales tax will be 20 years from the initial year of collection, which began April 1, 2002, with said tax to terminate/expire on March 31, 2022. The tax proceeds will be used to pay for the programs and projects outlined in Alameda County’s 20-Year Transportation Expenditure Plan (the “Measure B Expenditure Plan”), as it may be amended.

C. The Measure B Expenditure Plan authorizes the issuance of bonds to expedite delivery of transportation projects and programs. Costs associated with bonding will be borne only by the capital projects included in the Measure B Expenditure Plan and by any programs included in the Measure B Expenditure Plan that utilize the bond proceeds.

D. On November 2, 2010, the voters of Alameda County approved Measure F, the Vehicle Registration Fee (“VRF”) Program, pursuant to Section 65089.20 of the Government Code, thereby authorizing the Alameda County Congestion Management Agency (“ACCMA”) to administer the proceeds from a \$10 per year vehicle registration fee on each annual motor-vehicle registration or renewal of registration in Alameda County, starting in May 2011, six months following approval of Measure F. Vehicles subject to the VRF include all motorized vehicles, including passenger cars, light-duty trucks, medium-duty trucks, heavy-duty trucks, buses of all sizes, motorcycles, and motorized camper homes, unless vehicles are expressly exempted from the payment of the VRF.

E. Funds raised by the VRF will be used exclusively for local transportation purposes in Alameda County that have a relationship or benefit to the owners of motor vehicles paying the VRF, including projects and programs identified in the expenditure plan approved by the voters as part of Measure F (the “VRF Expenditure Plan”).

F. On June 24, 2010, ACTIA and ACCMA took the final actions to create ALAMEDA CTC, which has assumed the responsibilities of ACTIA and ACCMA, including duties related to Measure B and the VRF.

G. On November 4, 2014, the voters of Alameda County, pursuant to the Act, approved Measure BB, thereby authorizing ALAMEDA CTC to administer the proceeds from the extension of the existing Measure B one-half of one percent transaction that is scheduled to terminate on March 31, 2022, and the augmentation of the tax by one-half of one percent.

H. The duration of the Measure BB sales tax will be 30 years from the initial year of collection, which begins April 1, 2015, with said tax to terminate/expire on March 31, 2045. The tax proceeds will be used to pay for the investments outlined in Alameda County's 30-Year Transportation Expenditure Plan ("Measure BB Expenditure Plan"), as it may be amended.

I. This AGREEMENT delineates the requirements of the Measure B/Measure BB/VRF Direct Local Distribution ("DLD") funds that are directly allocated to local jurisdictions and transit operators, as authorized by the Measure B Expenditure Plan, the VRF Expenditure Plan, and the Measure BB Expenditure Plan. Discretionary funds identified in these expenditure plans are not the subject of this AGREEMENT, and RECIPIENT will be required to enter into a separate agreement for those funds.

J. This AGREEMENT was originally approved by the governing body of the ALAMEDA CTC on February 25, 2016.

**MEASURE B AND MEASURE BB
MASS TRANSIT DIRECT LOCAL DISTRIBUTION SUMMARY**

Alameda CTC distributes Measure B and Measure BB Mass Transit Direct Local Distribution funds based on the distribution percentages for net Measure B and Measure BB Revenues specified in the Measure B Expenditure Plan and Measure BB Expenditure Plan, as shown below.

Agency	Area	Percentage of Net Revenues
AC Transit	North County	9.48%
AC Transit	Central County	4.74%
AC Transit	South County	1.61%
AC Transit Welfare to Work	North County	1.24%
AC Transit Welfare to Work	Central County	0.22%
LAVTA	East County	0.69%
Union City Transit	South County	0.34%
ACE	East/South County	2.12%
SF WETA	Alameda County	0.78%

Agency	Area	Percentage of Net Revenues
AC Transit	Alameda County	18.80 %
ACE	East/South County	1.00 %
BART	Alameda County	0.50 %
LAVTA	East County	0.50 %
Union City Transit	South County	0.25 %
SF WETA	Alameda County	0.50 %

Countywide Local and Feeder Bus Service: Provides funding for countywide local and feeder bus service in every region of the county to link neighborhoods and commuters to BART, rail, and express bus connections throughout the county. Welfare to Work programs dedicate 1.46 percent of overall Measure B net sales tax revenues to enhancing transportation opportunities for persons making the transition from welfare to work.

Other Mass Transit Programs: Provides funding to San Francisco Water Emergency Transportation Authority (WETA) Transbay Ferry Service to expand transbay ferry service from Alameda. Provides funding to Altamont Commuter Express (ACE) for capital and operating costs for operations in South and East Alameda County.

Transit Operations: Provides funding to transit operators for maintenance of transit service, restoration of service cuts, expansion of transit service, and passenger safety and security. The transit operators will determine the priorities for these funds through public processes and will submit an annual audit to Alameda CTC.

AC Transit agrees to allocate 1.46 percent of overall net Measure B sales tax receipts to enhancing transportation opportunities for persons making the transition from welfare to work. These "welfare to work" funds can be used by AC Transit for service restoration and expansion or implementation of improved bus

service to facilitate travel to and from work. AC Transit will prioritize the restoration and development of new service to meet the employment-related transit needs of low-income residents in northern and central Alameda County.

Additionally, these funds may be used, at the determination of AC Transit, to provide subsidies of regular bus fares for individuals living in northern and central Alameda County who are transferring from welfare to work as well as those who are economically disadvantaged. In the event that sufficient funds are otherwise available to AC Transit to meet these needs then "welfare to work" funds can be used for other general passenger service purposes in northern and central Alameda County.

AC Transit will work together with and actively seek input from bus riders, business leaders, mayors and other elected officials in San Leandro, Hayward, and the unincorporated areas in Central Alameda County to ensure that the additional transit funds in Central County are used for bus improvements such as night, weekend, and more frequent service, connections to residential growth areas, and access to major employment centers, including enhancement of east-west corridors.

AC Transit will continue to provide transit service similar to the Department of Labor-funded shuttle to and from job sites in East and West Oakland, as needed. AC Transit, Alameda County, the City of Oakland, the Port of Oakland and other entities will look for additional money from outside sources to fund the service. If needed, Measure B funds may be used.

EXHIBIT C**PERFORMANCE MEASURE SUMMARY**

Direct Local Distribution recipients are to document the performance and benefits of the projects and programs funded with Measure B, Measure BB, and/or Vehicle Registration Fee funds. The following performance measures are a selection of performance standards that must be documented at minimum by the recipients, as applicable. Additional performance measures may be requested by the Alameda CTC.

Performance reporting will be done through Alameda CTC's reporting processes including the annual program compliance reports, annual performance report, and various planning activities, as they are requested and applicable. Performance will be evaluated periodically through the aforementioned evaluation reports to determine the effectiveness of investments and to inform future investment decisions.

**Alameda County Transportation Commission
Implementation Guidelines
For the Bicycle and Pedestrian Safety Program funded through
Measure B, Measure BB, and Vehicle Registration Fees**

Section 1. Purpose

- A. To delineate the eligible uses of Bicycle and Pedestrian Safety Funds authorized under Alameda County Transportation Commission Master Program Funding Agreements, these implementation guidelines have been developed to specify the requirements that local jurisdictions must follow in their use of Measure B, Measure BB, and VRF Direct Local Distribution and discretionary funds. These guidelines are incorporated by reference in the Master Program Funding Agreements. All other terms and conditions for programs are contained in the agreements themselves. The intent of the implementation guidelines is to:
1. Provide guidance on Bicycle and Pedestrian Safety funds eligible uses and expenditures.
 2. Define the terms in the Master Program Funding Agreements.
 3. Guide Bicycle and Pedestrian Program implementation.

Section 2. Authority

- A. These Implementation Guidelines have been adopted by the Alameda County Transportation Commission (Alameda CTC) and set forth eligible uses and expenditures for the Bicycle and Pedestrian Safety funds. The Alameda CTC may update these guidelines on an as-needed basis and will do so with involvement of its technical and community advisory committees (as applicable). Exceptions to these guidelines must be requested in writing and be approved by the Alameda CTC.

Section 3. Background

- A. Alameda CTC developed Implementation guidelines for the Bicycle and Pedestrian Safety Funds to clarify eligible fund uses and expenditures in association Master Programs Funding Agreements for the November 2000 voter-approved Measure B Direct Local Distribution funds (formally known as "pass-through funds"). In 2012, the Master Programs Funding Agreements were updated to include the voter approved Measure F - Vehicle Registration Fee (VRF) program. In November 2014, voters approved the 2014 Transportation Expenditure Plan, Measure BB, and new Master Programs Funding Agreements were subsequently developed to incorporate Measure BB funds.

Section 4. Definition of Terms

- A. **Alameda CTC:** The Alameda County Transportation Commission is a Joint Powers Authority created by the merger of the Alameda County Congestion Management Agency, which performed long-range planning and funding for countywide transportation projects and programs, and the Alameda County Transportation Improvement Authority, which administered the voter approved half-cent transportation sales taxes in Alameda County (the 1986 and 2000 approved Measure B sales tax programs)
- B. **Capital project:** A bicycle and pedestrian capital investment that typically requires the following phases: planning/feasibility, scoping, environmental clearance, design, right-of-way, construction, and completion.
- C. **Complete Street:** A transportation facility that is planned, designed, operated, and maintained to provide safe mobility for all users, including bicyclists, pedestrians, transit vehicles, truckers, and motorists, appropriate to the function and context of the facility. Complete street concepts apply to rural, suburban, and urban areas. (Caltrans definition)
- D. **Complete Streets Act of 2008:** The California Complete Streets Act (Assembly Bill 1358) was signed into law in September 2008. It requires that local jurisdictions modify their general plans as follows:

Alameda CTC Bicycle and Pedestrian Safety Program Implementation Guidelines

- P. **Operations:** Provision of services that operate transportation facilities and programs. Operations costs do not include the costs to operate community outreach or other programs not directly related to a specific transportation service, program, or product.
- Q. **Direct Local Distribution Funds:** Funds are allocated based upon a funding formula (such as population, registered vehicles, roadmiles, or a combination thereof) defined in a voter approved measure and provided to eligible jurisdictions on a regularly schedule basis (such as a regular monthly payment).
- R. **Planning:** Identification of project and program current conditions and needs and development of strategies and plans to address the identified needs.
- S. **Project Completion/Closeout:** Inspection/project acceptance, final invoicing, final reporting, and processes for closing out project.
- T. **Scoping and Project Feasibility:** Early capital project phases that identify project needs, costs and implementation feasibility.
- U. **Vehicle Registration Fee (VRF):** Measure F, Alameda County's VRF Program, approved by the voters in November 2010 with 63 percent of the vote. It will generate approximately \$12 million per year through a \$10 per year vehicle registration fee. Administered by the Alameda CTC, the VRF funds four main types of programs (with the funding distribution noted in parenthesis): local streets and roads (60 percent); transit (25 percent); local transportation technology (10 percent); and bicycle and pedestrian projects (5 percent).

Section 5. Bicycle and Pedestrian Safety Fund Allocations

- A. These implementation Guidelines provide guidance on two types of Bicycle and Pedestrian Safety allocation processes for Measure B and Measure BB funds: 1) Direct Local Distribution funds and grants.
 - 1. Bicycle and Pedestrian Direct Local Distribution (DLD) Funds
 - a. *General:* The Bicycle and Pedestrian DLD Funds are distributed to cities in the county and to Alameda County to be spent on planning and construction of bicycle and pedestrian projects, and the development and implementation of bicycle and pedestrian programs. These funds are intended to expand and enhance bicycle and pedestrian facilities in Alameda County, focusing on high priority projects like gap closures and intermodal connections.

For Measure B, the DLD funds constitute seventy-five percent of the total Measure B bicycle/pedestrian funds. For Measure BB, three percent of total net Measure BB revenues are identified for the Measure BB bicycle/pedestrian DLD program. Each city and Alameda County will receive their proportional share of the DLD based on population over the life of the Measure (which share shall be adjusted annually as described in the Master Programs Funding Agreement). These funds are allocated on a monthly basis directly to each city and the County.
 - b. *Eligible Uses:* The Measure B and Measure BB Bicycle/Pedestrian DLD funds may be used for capital projects, programs, or plans that directly address bicycle and pedestrian access, convenience, safety, and usage. Eligible uses for these funds include, but are not necessarily limited to:
 - 1) Capital Projects, including:
 - a. New pedestrian facilities (e.g. sidewalks, curb ramps, countdown signals, accessible signals)
 - b. Improvements to existing pedestrian facilities

Alameda CTC Bicycle and Pedestrian Safety Program Implementation Guidelines

- 3) Capital projects, programs, or plans that do not directly address bicycle and pedestrian access, convenience, safety, and usage
 - 4) Projects or programs that exclusively serve city/county staff
 - 5) Indirect costs, unless the RECIPIENT submits an independently audited/approved Indirect Cost Allocation Plan
- d. *List of Projects/Programs:* All projects and programs that use Measure B and Measure BB Bicycle and Pedestrian Safety DLD funds must receive governing board approval prior to the jurisdiction expending the DLD funding on the project/program. This approval allows the opportunity for the public to provide input on planning for bicycle and pedestrian safety. These projects and programs may be included in any of the following, as long as they have been adopted by the jurisdiction's governing board:
- 1) List of projects on which to specifically spend Measure B/BB funds
 - 2) Local Bicycle and/or Pedestrian Master Plan with priority projects
 - 3) Capital Improvement Program
 - 4) A resolution, such as to submit a grant application
2. Bicycle and Pedestrian Grant Funds
- a. The Alameda CTC will administer a bicycle and pedestrian discretionary grant program using a portion of each of the Measure B, Measure BB, and the VRF Bicycle and Pedestrian Safety funds. The Alameda CTC will adopt *Grant Program Guidelines* before each grant cycle that will establish the guiding policies for that grant cycle, and will publicize each grant funding cycle.
 - b. Local jurisdictions, transit operators and Community Based Organizations (CBO) in Alameda County may be eligible for these competitive funds as determined by the Alameda CTC discretionary processes and the *Grant Program Guidelines*.

Section 6. Complete Streets Policy Requirement

- A. To receive Measure B, Measure BB, and VRF funds, local jurisdictions must do both of the following with respect to Complete Street policies:
1. Have an adopted complete streets policy
 2. Comply with the California Complete Streets Act of 2008. The California Complete Streets Act (AB1358) requires that local general plans do the following:
 - a. Commencing January 1, 2011, upon any substantial revision of the circulation element, the legislative body shall modify the circulation element to plan for a balanced, multimodal transportation network that meets the needs of all users of the streets, roads, and highways for safe and convenient travel in a manner that is suitable to the rural, suburban, or urban context of the general plan.
 - b. For the purposes of this paragraph, "users of streets, roads, and highways" means bicyclists, children, persons with disabilities, motorists, movers of commercial goods, pedestrians, users of public transportation, and seniors.

These guidelines are incorporated by reference in the Master Programs Funding Agreements. All other terms and conditions for programs are contained in the agreements themselves. The intent of the implementation guidelines is to:
1. Provide guidance on Local Streets and Roads funds eligible uses and expenditures.

Section 2. Authority

- A. These Implementation Guidelines have been adopted by the Alameda County Transportation Commission and set forth eligible uses and expenditures for the Local Streets and Roads funds. The Alameda CTC may update these guidelines on an as-needed basis and will do so with involvement of its technical and community advisory committees (as applicable). Exceptions to these guidelines must be requested in writing and be approved by the Alameda CTC Commission.

Section 3. Background

- A. Alameda CTC developed Implementation Guidelines for the Local Streets and Roads funds to clarify eligible fund uses and expenditures in association with Master Program Funding Agreements for the November 2000 voter-approved Measure B Direct Local Distribution funds (formally known as “pass-through funds”). The Expenditure Plan allocates 22.34 percent of Measure B funds for Local Streets and Roads programs and projects. In 2012, the Master Programs Funding Agreements were updated to include the voter approved Measure F - Vehicle Registration Fee (VRF) program. The VRF includes 60 percent of net revenues for a Local Streets and Roads Program. In November 2014, voters approved the 2014 Transportation Expenditure Plan, Measure BB, which allocates 20.00 percent of funds for a Local Streets and Roads program. New Master Programs Funding Agreements were subsequently developed to incorporate Measure BB funds.

Section 4. Definition of Terms

- A. **Alameda CTC:** The Alameda County Transportation Commission is a Joint Powers Authority created by the merger of the Alameda County Congestion Management Agency, which performed long-range planning and funding for countywide transportation projects and programs, and the Alameda County Transportation Improvement Authority, which administered the voter-approved, half-cent transportation sales taxes in Alameda County (the Measure B sales tax programs approved in 1986 and 2000).
- B. **Bike parking:** Bike racks and lockers, bike shelters, attended bike parking facilities, and bike parking infrastructure.

Alameda CTC Local Streets and Roads Program Implementation Guidelines

- R. **Measure B:** Alameda County’s half-cent transportation sales tax, originally approved in 1986, and reauthorized by voters in November 2000. Collection of the sales tax began on April 1, 2002. Administered by the Alameda CTC, Measure B funds four types of programs in 20 local jurisdictions: bicycle and pedestrian, local streets and roads, mass transit, and paratransit.
- S. **Operations:** Provision of services that operate transportation facilities and programs. Operations costs do not include the costs to operate community outreach or other programs not directly related to a specific transportation service, program, or product.
- T. **Pedestrian crossing improvements:** At-grade pedestrian crossing improvements such as crosswalks, roadway/geometric changes, or reconfiguration specifically benefiting pedestrians.
- U. **Planning:** Identification of project and program current conditions and needs and development of strategies and plans to address the identified needs.
- V. **Planning area:** Four geographical sub-areas of the county (Planning Areas 1, 2, 3, and 4). The sub-areas of the county are defined by the Alameda CTC as follows:
1. Planning Area 1 – North Area: Cities of Alameda, Albany, Berkeley, Emeryville, Oakland and Piedmont
 2. Planning Area 2 – Central Area: Cities of Hayward and San Leandro, and the unincorporated areas of Castro Valley and San Lorenzo, as well as other unincorporated lands in that area

This approval allows the opportunity for the public to provide input on planning for local streets and roads projects. These projects and programs must be included in any of the following, as long as they have been adopted by the jurisdiction's governing board:
- 1) List of projects on which to specifically spend Measure B funds

Section 6. Complete Streets Policy Requirement

- A. To receive Measure B and VRF funds, local jurisdictions must do both of the following with respect to Complete Streets policies:
1. Have an adopted Complete Streets policy.
 2. Comply with the California Complete Streets Act of 2008. The California Complete Streets Act (AB1358) requires that local general plans do the following:

Section 7. Pavement Condition Index Reporting

- A. To receive Measure B, Measure BB, and VRF funds, local jurisdictions must do both of the following with respect to the reporting of an agency’s pavement condition (PCI) index:
1. Annually report on the citywide pavement condition index (PCI), which rates the “health” of local streets from 1 to 100, in the Annual Program Compliance Report Form. Where applicable, this information will be consistent with material provided for MTC reporting requirements.
 2. If the PCI falls below a total average index of 60 (fair condition), specify in the Annual Program Compliance Report what funding amounts, policies, or other needs are required to enable increasing the recipient’s PCI to 60 or above.

Section 8. Advancement of Direct Local Distribution Funds

Transit operators in Alameda County receive their proportional share of mass transit DLD funds based on percentages of net revenues generated by the Measure B and Measure BB sales and use taxes (which share shall be adjusted annually as described in the Master Programs Funding Agreement). These funds are allocated on a monthly basis directly to each transit operator.
 - b. *Eligible Uses:* The Measure B and Measure BB Mass Transit DLD funds may be used for capital projects, programs, maintenance, or operations that directly improve mass transit services. Eligible uses for these funds include, but are not necessarily limited to:

Alameda CTC Mass Transit Program Implementation Guidelines

- a. The VRF Expenditure Plan dedicates 25 percent of net revenues for transit projects that provide congestion relief. Alameda CTC awards VRF Transit for Congestion Relief Grant Program funds on a discretionary basis. These funds are intended to make it easier for drivers to use public transportation, make the existing transit system more efficient and effective, and improve access to schools and jobs. The goal of this program is to decrease automobile usage and thereby reduce both localized and area-wide congestion and air pollution. Fund recipients must enter into a separate agreement with Alameda CTC.
- b. *Eligible Uses:* VRF Transit for Congestion Relief Grant Program Guidelines provide program eligibility and fund usage guidelines and requirements, definitions of terms, evaluation criteria, award details, and monitoring requirements.

Section 6. Advancement of Direct Local Distribution Funds

- A. The Alameda CTC may consider advancing future year DLD funds, with the goal of seeing improvements made in the near term. If a jurisdiction is interested in this option, a written request to the Alameda CTC Director of Finance and Administration and a copy to the Deputy Director of Projects and Programs, indicating the amount of funds requested and the projects on which the funds will be spent, is required. Requests will be considered on an individual basis.

Section 7. Adoption of Implementation Guidelines

- A. Implementation Guidelines are adopted by the Alameda CTC on an as-needed basis. Changes to Implementation Guidelines will be brought through the Alameda CTC's Technical Advisory Committee for review and comment, as well as any other Alameda CTC committees as necessary, before changes are adopted by the Alameda CTC Commission.

Alameda CTC Paratransit Program Implementation Guidelines

- C. **Capital project:** A capital investment that typically requires the following phases: planning/feasibility, scoping, environmental clearance, design, right-of-way, construction, and completion. For paratransit programs, may be an investment in vehicles or equipment directly related to providing paratransit services.
- D. **Construction:** Construction of a new capital project, including development of preliminary engineering and construction documents, including plans, specifications, and estimates (PS&E).
- E. **Cost Allocation Plans (CAPs):** CAPs and indirect cost (IDC) rate proposals are plans that provide a systematic manner to identify, accumulate, and distribute allowable direct and indirect costs to Paratransit programs funded through the Alameda CTC Master Programs Funding Agreements.
- F. **Customer service and outreach:** Customer service functions as well as costs associated with marketing, education, outreach, and promotional campaigns and programs.
- G. **Direct cost:** A cost completely attributed to the provision of a service, operations, a program, a capital cost, or a product. These costs include documented hourly project staff labor charges (salaries, wages, and benefits) that are directly and solely related to the implementation of the Alameda CTC-funded Paratransit projects, consultants, and materials. These funds may be used for travel or training if they are directly related to the implementation of the Paratransit funds.
- H. **Direct Local Distribution funds:** Funds allocated based on a funding formula (such as population, registered vehicles, roadmiles, or a combination thereof) defined in a voter-approved measure and provided to eligible jurisdictions on a regularly scheduled basis (such as a regular monthly payment).

Alameda CTC Paratransit Program Implementation Guidelines

disabilities allocated to each city operating paratransit service through a census-based funding formula that is developed by PAPCO and approved by the Alameda CTC Commission.

- 2) A portion of the funds as defined in the Master Programs Funding Agreement are DLD funds distributed to Alameda County's primary mandated ADA service provider, East Bay Paratransit Consortium.
- b. *Eligible Uses:* The Measure B and Measure BB Paratransit DLD funds may be used for capital projects, programs, maintenance, or operations that directly improve paratransit services. Eligible uses for these funds include services as defined in Attachment A, as well as, but not limited to:

 - 3) Projects or programs that exclusively serve city/county staff
 - 4) Indirect costs, unless the RECIPIENT submits an independently audited/approved Indirect Cost Allocation Plan.
2. Measure B and Measure BB Paratransit Discretionary Grant Program Funds
- a. The Measure B Expenditure Plan dedicates 1.43 percent of the funds for gaps in services to be recommended by PAPCO to reduce differences that might occur based on the geographic residence of any individual needing services. The Alameda CTC will administer a Measure B Paratransit discretionary grant program.
 - b. The Measure BB Expenditure Plan dedicates 1.0 percent of the funds for paratransit coordination and services to meet the needs of seniors and people with disabilities. The Alameda CTC will administer a Measure B Paratransit discretionary grant program.
 - c. The Alameda CTC adopt Grant Program Guidelines through its programming and allocation processes to guide the grant allocations.
 - d. Gap funds provide Alameda County with the opportunity to be innovative and explore alternative service delivery mechanisms in the face of a senior and disability population expected to grow substantially over the next 30 years. The population of people likely to need paratransit service is expected to outpace the growth in sales tax revenues that fund

Implementation Guidelines and Performance Measures – Special Transportation for Seniors and People with Disabilities Program

Implementation Guidelines

These guidelines lay out the service types that are eligible to be funded with Alameda County Measure B (2000), Measure BB (2014) and Vehicle Registration Fee (VRF, 2010) revenues under the Special Transportation for Seniors and People with Disabilities Program (Paratransit). All programs funded partially or in their entirety through these sources, including ADA-mandated paratransit services, city-based non-mandated programs and discretionary grant funded projects, must abide by the following requirements for each type of paratransit service.

Fund recipients are able to select which of these service types are most appropriate for their community to meet the needs of seniors and people with disabilities. Overall, all programs should be designed to enhance quality of life for seniors and people with disabilities by offering accessible, affordable and convenient transportation options to reach major medical facilities, grocery stores and other important travel destinations to meet life needs. Ultimately, whether a destination is important should be determined by the consumer.

The chart below summarizes the eligible service types and their basic customer experience parameters; this is followed by more detailed descriptions of each.

Service	Timing	Accessibility	Origins/ Destinations	Eligible Population
ADA Paratransit	Pre-scheduled	Accessible	Origin-to-Destination	People with disabilities unable to ride fixed route transit

City-based Door-to-Door Service Guidelines	
Other	<p>Door-to-Door programs must demonstrate that they are providing trips at an equal or lower cost than the ADA-mandated provider on a cost per trip basis. Cost per trip is defined as total cost (all sources) during a reporting period divided by the number of one-way trips, including attendant and companion trips, provided during period.</p> <p>Programs may impose per person trip limits to due to budgetary constraints, but any proposed trip limitations that are based on trip purpose must be submitted to Alameda CTC staff for review prior to implementation.</p>

Taxi Subsidy Program Guidelines	
Service Description	<p>Taxis provide curb-to-curb service that can be scheduled on a same-day basis. They charge riders on a distance/time basis using a meter. Taxi subsidy programs allow eligible consumers to use taxis at a reduced fare by reimbursing consumers a percentage of the fare or by providing some fare medium, e.g. scrip or vouchers, which can be used to cover a portion of the fare. These programs are intended for situations when consumers cannot make their trip on a pre-scheduled basis.</p> <p>The availability of accessible taxi cabs varies by geographical area and taxi provider, but programs should expand availability of accessible taxi cabs where possible in order to fulfill requests for same-day accessible trips.</p>
Eligible Population	<p>Eligible Populations include:</p> <ol style="list-style-type: none"> 1. People 18 and above with disabilities who are unable to use fixed route services. Cities may, at their discretion, also provide services to consumers with disabilities under the age of 18, and 2. Seniors 80 years or older without proof of a disability. Cities may provide services to consumers who are younger than age 80, but not younger than 70 years old. <p><i>Cities may continue to offer "grandfathered" eligibility to program registrants below 70 years old who were enrolled in the program in FY 11/12 and have continued to use it regularly, as long as it does not impinge on the City's ability to meet the minimum requirements of the Implementation Guidelines.</i></p> <p><i>Program sponsors may use either ADA eligibility, as established by ADA-mandated providers (incl. East Bay Paratransit, LAVTA, Union City</i></p>

Time & Days of Service	At discretion of program sponsor with local consumer input.
Fare (Cost to Customer)	At discretion of program sponsor with local consumer input.
Other	Specialized Accessible van programs must demonstrate that they are providing trips at an equal or lower cost to the provider than the ADA-mandated provider on a cost per trip basis, except if providing same-day accessible trips. Cost per trip is defined as total cost (all sources) during a reporting period divided by the number of one-way trips, including attendant and companion trips, provided during period.

Accessible Shuttle Service Guidelines	
Service Description	<p>Shuttles are accessible vehicles that operate on a fixed, deviated, or flex-fixed route and schedule. They serve common trip origins and destinations visited by eligible consumers, e.g. senior centers, medical facilities, grocery stores, BART and other transit stations, community centers, commercial districts, and post offices.</p> <p>Shuttles should be designed to supplement existing fixed route transit services. Routes should not necessarily be designed for fast travel, but to get as close as possible to destinations of interest, such as going into parking lots or up to the front entrance of a senior living facility. Shuttles are often designed to serve active seniors who do not drive but are not ADA paratransit registrants.</p>
Eligible Population	Shuttles should be designed to appeal to older people, but can be made open to the general public.
Time and Days of Service	At discretion of program sponsor with local consumer input.
Fare (Cost to Customer)	At discretion of program sponsor, but cannot exceed local ADA paratransit fares. Fares may be scaled based on distance.

Volunteer Driver Service Guidelines	
Service Description	<p>Volunteer driver services are pre-scheduled, door-through-door services that are typically not accessible. These programs rely on volunteers to drive eligible consumers for critical trip needs, such as medical trips. Programs may use staff to complete intake or fill gaps. This service meets a key mobility gap by serving more vulnerable populations and should complement existing primary services (i.e. ADA-mandated, City-based Door-to-Door, or Taxi).</p> <p>Volunteer driver programs may also have an escort component where volunteers accompany consumers on any service eligible for paratransit funding, when they are unable to travel in a private vehicle.</p>
Eligible Population	At discretion of program sponsor.
Time and Days of Service	At discretion of program sponsor.
Fare (Cost to Customer)	At discretion of program sponsor.
Other	Program sponsors can use funds for administrative purposes and/or to pay for volunteer mileage reimbursement purposes (not to exceed Federal General Services Administration (Privately Owned Vehicle) Mileage Reimbursement Rates) or an equivalent financial incentive for volunteers.

Mobility Management and/or Travel Training Service Guidelines	
Service Description	<p>Mobility management services cover a wide range of activities, such as travel training, escorted companion services, coordinated services, trip planning, and brokerage. Mobility management activities often include education and outreach which play an important role in ensuring that people use the "right" service for each trip, e.g. using EBP from Fremont to Berkeley for an event, using a taxi voucher for a same-day semi-emergency doctor visit, and requesting help from a group trips service for grocery shopping.</p>
Eligible Population	At discretion of program sponsor.

Meal Delivery Funding Guidelines	
Service Description	Meal Delivery Funding programs provide funding to programs that deliver meals to the homes of individuals who are generally too frail to travel outside to congregate meal sites. Although this provides access to life sustaining needs for seniors and people with disabilities, it is not a direct transportation expense.
Eligible Population	For currently operating programs, at discretion of program sponsor.
Time and Days of Service	For currently operating programs, at discretion of program sponsor.
Fare (Cost to Customer)	For currently operating programs, at discretion of program sponsor.
Other	Currently operating funding programs may continue, but new meal delivery funding programs may not be established.

Eligible Population	N/A

Implementation Guidelines and Performance Measures – Special Transportation for Seniors and People with Disabilities Program

Performance Measures

The Alameda CTC collects performance data from all programs funded with Alameda County Measure B (2000), Measure BB (2014) and Vehicle Registration Fee (VRF, 2010) revenues. All programs funded partially or in their entirety through these sources must at a minimum report annually through the Annual Compliance Report for Direct Local Distribution (DLD) funding on the performance measures identified within the Implementation Guidelines for each DLD program.

The performance measures for the Measure B and Measure BB Direct Local Distribution (DLD) funding distributed through the Special Transportation for Seniors and People with Disabilities (Paratransit) Program, which funds ADA-mandated paratransit services, city-based non-mandated paratransit programs and discretionary grant-funded projects, are identified below. Additional performance-related data may be required through separate discretionary grant guidelines or to report to the Alameda CTC’s Commission or one of its community advisory committees.
