

Attachment B

SCOPE OF SERVICES

Remove and Dispose of the following boats. All boats are located in the water of the San Leandro Marina.

Contractor shall:

1. inspect each boat
2. remove and dispose of all fuel, oil, batteries and any other hazardous material
3. provide limited pumping to keep boats afloat
4. tow boats out to a barge
5. hoist boats onto the barge
6. legally dismantle and/or dispose of the boats

Assumptions:

Boats will be vacant at the time of the work.

Boats are able to float during the tow out and crane pick operation.
