What is a Bronze Award?

The Girl Scout Bronze award is a community service project that can make a difference in our community.

We work together as a team to create a project that will serve our community and we maintain its sustainability. The Bronze award is one of the highest awards for Girl Scout Juniors.

Doggie Den Details

What is a Doggie Den?

You may also be wondering, how the doggie dens work? The doggy den contains dog treats, canned food, dog leashes, dog collars, and dog toys that the community can use to share with others like a little free library. But most importantly, if you can't afford dog food or want to share resources, leashes, and/or other supplies for dogs, the doggy den is the place to go!

How is the Doggie Den benefiting our community?

- It is helping our homeless dog community
- It provides resources to pet owners
- Community is donating dog items

****We achieved our Goal to have two completed Doggie Den by September 2022****
