*Waste Reduction Program Coordinator*

# Why have a Climate Action Plan? Why is this important?

# Climate Action Plan (CAP) Status Update Schedule:

- 2021 Revised CAP
- 2023 Status Update
- 2025 (Tonight!) 
- 2027 Status Update
- 2029 Status Update
- 2031 Revised CAP

### Renewable 100

100% solar and wind energy priced at 1/4 cent per kWh above PG&E rates.

### Bright Choice

Our basic plan: 61.8% eligible renewable energy priced at 5% below PG&E rates.

### PG&E

For comparison, your previous basic plan: 23% eligible renewable energy.

## Ava Bike Electric

E-bike Instant Rebate Program

Save \$400 to \$1,500 on a new e-bike!

# Next steps

Greening of City Facilities

Municipal Fleet Fuel Reduction

Clean California  
Community Designation

# Greening of City Facilities

## Reduced Water Use

Low flow toilets and auto-off faucets

## Conserve Energy

Upgrade lighting and equipment to save energy

## Commute Sustainably

Promote and incentivize alternative transportation for employees

## Prevent Pollution

Eliminate and/or properly dispose of harmful chemicals

## Use Non-Toxic Cleaners

Use safer, environmentally preferable cleaning chemicals

## Avoid Waste

Eliminate unnecessary packaging, printing, and purchasing

## Recycle Materials

Divert waste from the landfill through reuse, recycling and composting

## Hire Local Vendors

Working locally means less vehicle use

# Municipal Fleet Fuel Reduction

# Clean California Community Designation

Take the Pledge

Complete  
10 of 15 criteria

Submit eligible criteria  
for Designation

### Community Designation Checklist

To attain designation, communities must meet at least 10 of these 15 criteria

**○ Sign the Pledge**  
Designate a community leader to e-sign thepledge. For a town, this could be a mayor; for an organization it could be the Executive Director, for a school it could be a principal, for a district a supervisor, and so on.

**○ Advisory Body**  
Establish an informal Clean CA committee or some other advisory body. This could also be an existing committee.

**○ Community Input**  
Get community input through a public meeting, survey, special event, virtual call or another means of gathering feedback from the public on your community's approach.

**○ Litter Assessment**  
Conduct an initial litter assessment to establish your baseline and identify litter hotspots in your community.

**○ Cleanups**  
Organize community cleanups. We recommend at least 4 each year, big or small.

**○ Measure Progress**  
Establish metrics and measure regularly to track your clean community's progress. Things to track include # of volunteers, # of cleanups, and pounds of litter removed.

**○ Community Education**  
Educate the broader public on the impacts and solutions to litter by providing signage, educational programs, or other public awareness & behavior change strategies.

**○ Youth Education**  
Provide K-12 educational programs to help inform anti-littering behaviors among the youngest generations. Communities can leverage the K-12 Clean CA educational resources to meet this requirement.

**○ Infrastructure**  
Place anti-littering infrastructure in key locations. This can include trash and recycling bins that are emptied regularly, or utilizing street sweeping to clean as you go.

**○ Enforcement**  
Establish policies, technologies or programs that prevent or deter future littering.

**○ Long-term Planning**  
Hash out a long-term plan or strategy to ensure the sustainability of your efforts so that your community stays clean.

**○ Greening & Beautification**  
Complement cleanups by implementing greening and beautification activities - plant trees, gardens or flower beds, or create public art to make your community more vibrant.

**○ Collection Drives**  
Schedule or host collection drives such as "dump days" or "amnesty days" for hard-to-recycle or bulky items like mattresses, e-waste, or household appliances.

**○ Partnerships**  
Engage local stakeholders and businesses to partner with you and support your campaign. We recommend partnering with at least 3-5 businesses.

**○ Cigarette Litter**  
Provide cigarette litter receptacles to help contain the most widely littered item on Earth.

# Thank You
