# SAN LEANDRO OPEN DATA POLICY & HUB

City Council Meeting

November 6, 2017

What is Open Data?

The idea that some data should be freely available to the public

What do Residents Think?

I am familiar with the concept of Open Data.

		%	Count
Yes		47.4%	9
No		52.6%	10

Publishing Data online will increase my trust in City Government.

		%	Count
Yes		78.9%	15
No		21.1%	4

Privacy vs. Transparency

|	%	Count
Protect privacy over everything else (i.e., do not publish any data that could impact the privacy of an individual or organization)	5.3%	1
Be transparent but protect privacy, too (i.e., do not publish any personal information)	63.2%	12
Be completely transparent (i.e., publish all data unless it is protected by law)	31.6%	6

Datasets of Interest

Demo of Online Data Hub
