Said property is located within the boundaries of the PLAZA 2 Redevelopment Project, hereinafter referred to as the Project.

The development and use of real property in the Project is governed by the PLAZA 2 Redevelopment Plan, hereinafter referred to as the Plan.

The Plan contains development standards and an architectural design concept to guide such construction, repair, renovation and renewal of private real property.

The Plan provides that no change in use or occupancy, and that no reoccupancy, including any lease renewal or lease assignment, of any property, shall be permitted prior to approval thereof by the Redevelopment Agency of the City of San Leandro, hereinafter referred to as Agency.

The Plan provides that no issuance of any building, plumbing or electrical permit pertaining to any property in the Redevelopment Project Area shall be permitted prior to approval thereof by Agency.

The Plan further provides that such approval shall not be granted by Agency, unless the installation of required improvements has previously been completed, or until such Owner has entered into an agreement providing for such improvements.

Now, therefore, Owner and Agency, in consideration of the mutual promises hereinafter contained, agree as follows:

A. REQUIRED IMPROVEMENTS

1. Owner shall construct a retail store on the Building Site. Such retail store shall contain a total ground floor area not less than ninety per cent (90%) of the area of the Building Site.

2. Owner shall commence the required improvements set forth in Paragraphs A-1 and A-2 hereof prior to June 1, 1970, and shall complete such improvements prior to June 30, 1971, subject, however, to delays (other than financial) occasioned by causes reasonably beyond the control of Owner.

D. ADDITIONAL PROVISIONS

1. Owner shall maintain all exterior improvements at a high level of repair, and shall promptly complete any repair work thereon as required by Agency to maintain said improvements at such level, provided that such requirements of Agency must be reasonable in relation to the standard of repair of other improvements in the Project Area improved under requirements of the Plan, and shall not exceed in scope the improvement work provided for in this Agreement.

2. Agency shall promptly review all plans for improvements provided for in this Agreement, and shall approve such plans, provided they are in full accordance with the provisions of this Agreement and the Plan and contain all mutually agreed on modifications requested by Agency in accordance with the Plan. Agency shall not unreasonably withhold such approval.

3. Agency shall make available adequate design coordination services to Owner to insure coordination with the architectural design concept set forth in the Plan prior to completion of such improvement plans.
