WHEREAS, the California Building Standards Commission has adopted a new Title 24 of the California Code of Regulations, also referred to as the 2022 California Building Standards Code, that will become effective statewide on January 1, 2023; and

WHEREAS, currently Title 7 “Maps, Buildings and Subdivisions” of the City of San Leandro Municipal Code adopted the building standards contained in the 2016 and subsequently amended 2019 versions of the California Building Code, the California Mechanical Code, the California Electrical Code, the California Green Building Standards Code, the California Energy Code, the California Fire Code, the California Plumbing Code, and the California Residential Code (collectively, the “California Building Standards Code”); and

WHEREAS, Section 17922 of the California Health and Safety Code requires local agencies to adopt the building standards contained in the California Building Standards Code; and

WHEREAS, Section 17958.7 of the California Health and Safety Code allows local agencies to enact modifications to those building standards provided that such modifications are reasonably necessary because of local climatic, geological or topographical conditions so long as a local agency adopts such findings; and

WHEREAS, concurrent with this ordinance the City adopts findings, by resolution, justifying local modifications based on local climatic, geologic, and topographic conditions; and

WHEREAS, a duly noticed public hearing was advertised as required by

Government Code sections 6066 and 65090; and

WHEREAS, the City Council held a public hearing related to this Ordinance on November 7, 2022 and considered the staff report and public testimony received; and

WHEREAS, the City Council finds that the adoption of the 2022 Editions of the California Building Code, Residential Code, Electrical Code, Mechanical Code, Plumbing Code, Energy Code, Fire Code, Existing Building Code, and Green Building Standards Code, and related construction Codes help protect public health, safety, and welfare.
