- 1.1 **Term of Services.** The term of this Agreement shall begin on the Effective Date and shall end on June 30, 2024, the date of completion specified in Exhibit A, and Consultant shall complete the work described in Exhibit A on or before that date, unless the term of the Agreement is otherwise terminated or extended, as provided for in Section 8. The time provided to Consultant to complete the services required by this Agreement shall not affect the City's right to terminate the Agreement, as referenced in Section 8.

City therefore has no responsibility for such contributions beyond compensation required under this Agreement.

City shall make no payment for any extra, further, or additional service pursuant to this Agreement.

Subject: Proposal to Assist City with Phase 1 Solid Waste Services Procurement Process

Dear Jennifer Auletta,

HF&H Consultants, LLC (HF&H) is pleased to provide this proposal to assist the City of San Leandro (City) in preparing for, and in obtaining Council direction for conducting a process to procure solid waste collection, processing, and disposal services. We appreciate the trust inherent in the City's request for our assistance with this important task. Provision of solid waste services is often the largest municipal/private entity contract with a direct financial impact for ratepayers. We do not take this responsibility lightly.

The City's franchise agreement with Alameda County Industries (ACI) to provide solid waste, recyclables, and organics collection, processing, and disposal services ends on February 1, 2025. The City is currently in discussions with ACI regarding award of a short-term extension to the agreement to provide the City the opportunity to conduct a full and considered procurement process prior to entering into the next long-term agreement(s). The overall procurement process will entail five general steps:

1. Obtaining City Council direction regarding the design and conduct of the procurement process.
2. Developing a draft request for proposal (RFP) package(s) defining the requested services, leading the proposal evaluation and contractor selection process, and developing a draft agreement, for City Council review and approval.
3. Finalizing and issuing the RFP package(s) and managing communications with the proposer(s) during proposal development.
4. Evaluating the submitted proposal(s); identifying a short-list for City Council consideration, as applicable; conducting any necessary CEQA work; and conducting negotiations with one or more proposers.
5. Recommending contractor selection and contract award(s) for City Council consideration; assisting the City team in finalizing the agreement(s) for administrative execution.

Page 2 of 7

This proposal addresses "Phase 1," consisting of Steps 1 and 2 as outlined above. The Council's key decisions resulting from Steps 1 and 2 will be whether specific services are to be procured on a sole-source basis, through limited competition with specified service providers, and/or through a full competitive process. These decisions will reflect local market conditions as well as City and ratepayer needs. While the results of Steps 1 and 2 will broadly define the tasks and level of effort required for Steps 3 through 5, the scopes of work that will be necessary to complete Steps 3 through 5 will also be a function of factors such as the number of proposals, the number of parties the City team negotiates with, and the degree to which CEQA analysis is required. Cities are commonly reimbursed by the selected vendor(s) for consultant and attorney costs associated with conducting a procurement, with the vendor(s) recovering the cost over the agreement term through rate revenue.

HF&H will be separately available to assist the City Attorney with key legal issues, including options for addressing the California Supreme Court's recent *Zolly v Oakland* decision.

Scope of Work

HF&H proposes the following tasks for Steps 1 and 2.

Task 1 Develop and Assist in Negotiating a Short-Term ACI Extension

HF&H will develop a draft short-term extension to the City's franchise agreement with ACI for City team review and comment, and will develop up to two revised versions and a final version. HF&H will support, and as requested participate in City negotiations with ACI. Our scope and fee estimate assume a simple extension based on continuation of current contractual terms and does not provide for detailed analysis or negotiation of significant changes to substantive provisions of the current agreement.

Task 2 Support Development of an Integrity Policy

City Council adoption of an integrity policy can help ensure the conduct of a fair, equitable, and transparent process. HF&H will assist the City as requested in drafting an integrity policy for Council consideration to govern communications between all parties, including Council members, City management and staff, service providers participating in the process, and consultants.

Task 3 Assist in Defining the Procurement Process

HF&H will further assist the City team in identifying the full range of available options for procuring collection, processing, and disposal services, with analysis of the pros and cons of each option. This effort will build on materials developed to-date for discussion with the City team. HF&H will assist the City in developing recommendations to Council for the procurement approach and process, including definition of the roles of the various parties, key milestone activities, and target completion dates.

Task 4 Define the RFP Package

HF&H will assist the City team in defining the elements of the RFP package by facilitating a "design intake" process that addresses the specific required services and key policy issues for collection, processing, and disposal. This process generally entails three to four meetings of about three hours each. HF&H will

facilitate the topic-by-topic discussion. HF&H will use the final document to develop the RFP package for Task 5.

Task 5 Develop Draft RFP Package

HF&H will develop a draft RFP, proposal forms, and agreement addressing the services and key policy issues identified during Task 4 for City team review and comment, and will prepare a final draft version of the two documents for Council review. We anticipate building on similar materials we've recently developed on behalf of other Alameda County jurisdictions, tailored to the City's specific needs. Prior to starting start work for this task, we will consult with the City team on the best options for use of relevant materials.

Task 6 Support City Team in City Council Meetings and Communications

HF&H will develop draft Council presentation materials for City team review and comment and will prepare revised and final versions addressing comments. HF&H staff will be available to attend, and to participate in Councilmember briefings and up to three Council work sessions and/or regular meetings.

Task 7 Other Meetings and Communications

HF&H will be available for up to 98 hours for planning and coordination meetings, calls, and email communication with the City team, and to support and participate in other meetings or communications with the Council, service providers, etc.

Contingency

Our fee estimate includes 60 hours to further assist the City team should the necessary level of effort exceed that anticipated for any of the above tasks, as well as to assist with any other issues that may arise. In particular, the contingency can allow for additional drafts or revisions for materials developed in Tasks 1 and 5, and for HF&H participation in additional meetings as needed. Note that the contingency may not be adequate to develop a separate RFP package for post-collection services (processing and/or disposal) should that be necessary. HF&H will consult with the City's project manager prior to use of the contingency.

Fee Estimate

HF&H proposes to perform the Phase 1 work on a time-and-materials basis, based on the rates contained in Attachment A, and with a total not-to-exceed budget of \$137,050. The fee estimate includes specific task work budgeted at \$121,010 and a contingency of \$15,540. The following table provides our estimate of the hours, by position, that will be required to complete the scope of work described above. As an estimate, HF&H reserves the right to reallocate budget across tasks and staff positions to best meet the needs of each task.

He understands ACI's approach to providing service and how they have supported other agencies' compliance with SB 1383 and other applicable law. Rob will participate in the design intake process, review the draft RFP and agreement, and participate in negotiations.

EXHIBIT C

COVID-19 Compliance Requirements

The novel coronavirus ("COVID-19") has been declared a worldwide pandemic by the World Health Organization. The City of San Leandro is currently in a local emergency and state of emergency due to the COVID-19 pandemic.

COVID-19 is extremely contagious and is believed to spread mainly from person-to-person contact, through touched surfaces, and in airborne particles. As a result, federal, state, and local governments, including the City of San Leandro, and federal, state, county, and local health agencies recommend social distancing and additional cleaning protocols to limit the spread of the disease. The City has taken steps and put in place preventative measures recommended by federal, state, and local health agencies to reduce the spread of COVID-19. These measures include steps each person must take to prevent the spread of COVID-19 and include, but are not limited to, requiring face coverings, frequent hand washing and/or use of hand sanitizer, social distancing where possible, limiting of person-to-person contact, frequent cleanings of high-touch surfaces, and avoiding entering any building if they have COVID-19 symptoms.

Consultant shall obey all local orders and abide by all applicable preventative measures recommended by federal, state, county, and local health agencies and any preventative measures specifically implemented by the City. Consultant agrees that when entering any City buildings, Consultant will follow all COVID-19 related signage, wear a face covering, follow all social distancing protocols, and abide by any other COVID-19 preventative measure that are in place when performing the services described in this Agreement. Consultant shall also adhere to any subsequently communicated COVID-19 preventative measures as directed by City staff. The COVID-19 preventative measures are subject to change over time, and Consultant shall maintain knowledge of and adhere to the current COVID-19 preventative measures when interacting with City employees, officials, volunteers, agents, and representatives, and when entering City buildings.
