1. PROBLEM STATEMENT

The City of San Leandro is a diverse community of 90,103 residents and covers 15.5 square miles along the west side of Alameda County, with 393.8 miles of roadway. The City is the home of two large emergency hospitals, multiple large distribution warehouses, corporate offices, large industries, technology-based employers, and hundreds of small businesses which causes the City's population to dramatically increase.

San Leandro is also located within the intersection of Interstate 580 as well as Interstate 880 which links commuters to many of the major Bay Area cities. The City of San Leandro is frequented by commuters who use these freeways as well as Bay Area commuters who utilize Bay Area Rapid Transport (BART) and AC Transit; both with major transportation hubs at the San Leandro BART Station as well as the Bay Fair BART Station. During the morning and evening commute, the City of San Leandro becomes the ideal commute route for motorists, bicyclists, and pedestrians who are attempting to avoid (circumvent) the congested freeway traffic.

The San Leandro Police Department, like many other agencies throughout the nation have been faced with critical staffing numbers and is currently staffed with 63 Sworn Law Enforcement Officers (including the Chief and Chain of Command); 31 Officers (49%) are assigned to Patrol, and 1 is assigned to the Traffic Division. 21 of these 31 Officers (71%) have 5 or less years of experience, and with ONLY patrol experience. The lack of staffing and inexperience has created a vacuum within the traffic enforcement realm with an overall decline in enforcement and issued citations. In 2022, the department saw 3227 citations issued to the public for a wide variety of violations, however in 2023 the San Leandro Police Department only recorded a mere 1992 citations, a 61% decrease. Prior to 2020 the San Leandro Police Department Traffic Division was staffed with as many as 5 motorcycles and a commercial Officer, but as we move in to 2024/25 our Division has dwindled to 0 Traffic Enforcement Officers and a single Commercial Officer whose responsibilities have primarily been investigating fatal crashes to which we logged 8 in 2023 (with essentially 1 Officer and 1 Sgt to investigate).

Our City Council has consistently placed a priority on reducing traffic crashes as a goal. Despite our best efforts, we have experienced a steady number of fatal crashes in the past three years: 3 in 2021, 7 in 2022, and 8 in 2023. Our overall injury crashes reported have increased each year from 223 in 2021, to 241 in 2022, and 267 in 2023.

Pedestrian / Bicycle Enforcement:

The City of San Leandro has a large number of traffic crashes annually as seen in this application. Throughout the last few years, as is the case with most cities, San Leandro has seen a sharp increase in Auto V Pedestrian as well as Auto V. Bicycle crashes which result in injuries and deaths. While COVID had taken a lot of our motorists from the roadway between 2020 and 2022, distracted driving, and higher speeds have contributed to an increase in major injuries as well as deaths. Along with this spike of injuries and deaths due to social changes, changes to pedestrian laws in 2023 have contributed to pedestrian presence on our roadways and have made the pedestrian occupancies unpredictable and has resulted in increases to their being struck by motorists.

While most often, the motorist is looked to as the "fault" of fatal Auto V. Ped crashes, 2020 - 2023 has proven to change this factor to include culpability and has caused more Pedestrians and Bicyclists to be listed as being the primary cause.

In 2023, 267 injury crashes were reported to the San Leandro Police Department, with nearly 10% (28 of them) involving Pedestrians, as well as 11% (31 of them) involving Bicyclists. Of the 28 crashes involving Pedestrians, all 28 were injured, and 4 of them were killed; 4 of the 8 of our reported Fatal Crashes involved Pedestrian death. With 50% of our fatal vehicle crashes involving pedestrians, there is a need for increased pedestrian violation, right-of-way enforcement, and increased community education as it concerns pedestrian and motor vehicle cooperation.

The San Leandro Police Department places a high priority on the safety of their communities and has diligently increased patrols to various locations that have seen the most severe crashes and has developed strategies to address these concerns using available technology such as radar/lidar, and data collection. Despite these efforts, the City continues to see pedestrians and bicyclists being struck at an alarming rate.

DUI and Drug Enforcement:

DUI arrests by the San Leandro Police Department decreased from 104 in 2022 to only 81 in 2023 which is a 21% decline. Despite this decrease, the San Leandro Police Traffic Division responded to 3 DUI-related Fatalities in 2023 versus 2 DUI-related Fatalities in 2022. The decrease in DUI-related arrests, in part, has been caused by the staffing crisis in San Leandro, but it can also be attributed to the lack of experience, mentorship, and actual ability to proactively identify, locate, and investigate DUI-related stops. In addition, our current staffing levels have led to our lack of prioritization of enforcement within the Patrol Division as most often, the time for which they can proactively enforce the California Vehicle Code is scaled by the need to respond to priority calls, and/or calls which require their response to investigate not priority matters.

The San Leandro Police Department is looking forward to conducting 2 DUI Checkpoints that have not been hosted by San Leandro in 5 or more years. Typically, the DUI Checkpoint reaches 500-1000 motorists per instance, and not only screens the roadway for impaired drivers but also allows for the education of the public, and reminders of the dangers associated with DUI.

The San Leandro Police Department will be sending 2 Officers to SFST, ARIDE, and DRE classes. These educational components will cause Officers, who typically are not afforded the training, to learn new skills and bring this knowledge back to our community to provide a superior service. This will also act as legacy planning for the Traffic Division as it will spark the interest in our Officers who will learn the value of DUI enforcement and will mentor their peers and continue to provide enforcement moving forward.

During 2022 and 2023, I not only spoke to a number of other Law Enforcement agencies within the Bay Area, but I have personally observed staffing declines and even the disbanding of Traffic Divisions at other agencies. Our neighboring agencies (Hayward, Alameda, Alameda County, Union City, Oakland, etc....) are currently understaffed within their Traffic Divisions, and often we work as an inter-agency team to help with enforcement, major investigations, and DUI-type enforcement. We have been asked to assist with DUI Checkpoint operations but have not been able to participate due to funding. The San Leandro Police Department is looking forward to assisting the other agencies with their DUI enforcement as well as their DUI Checkpoints and would be able to seek the same as a reciprocating benefit to the City of San Leandro. Our Traffic Division is committed to assisting our outside agency partners on their mission to decrease the instances of DUI crash-related injuries and fatalities.

Distracted Driving:

The National Highway Traffic Safety Administration (NHTSA) published data on its website indicating that 3,522 lives were lost in 2021 to distracted driving and 76,000 pedestrians were injured nationwide. In 2013, the California DMV reported over 426,000 cell phone and texting convictions, and of those, 57,000 were due to those tickets issued in April alone. In 2023 the San Leandro Police Department issued 1992 citations during the calendar year with only 14 of these being for cellphone use or texting. The data from NHTSA is a clear indicator that the San Leandro Police Department, and our Officers, have more work to do in education and enforcement of distracted driving. The San Leandro Police Department will focus on targeting distracted driving, reducing the number of occurrences overall, and reducing the risk of injury and fatal crashes due to distracted driving.

The Traffic Division will address traffic safety issues and education through community engagement and outreach. The normal day-to-day Traffic Division's objective will be to continue to investigate major injuries and fatal crashes and to meet the community's expectations without interruption. As with most cities in California, San Leandro has seen a significant increase in Fatal pedestrian crashes. The San Leandro

Police Department Traffic Division can effectively and systemically address some of the concerns associated with the rise in fatal crashes in the City of San Leandro.

Sideshow Enforcement:

Sideshow, street racing, and aggressive driving continue to be a surging problem throughout California, resulting in injury and death. In 2023, the San Leandro Police Department joined efforts with other county agencies to form the Regional Sideshow Enforcement Team (ReSET). This is a collaborative deployment effort between agencies to better address the unique enforcement techniques needed for sideshow suppression which is inherently dangerous and challenging due to the high speeds and reckless behavior of motorists. In addition, the regional tactics assist with the challenge given that it is common for sideshow events to move from one city to another throughout the night. It is not uncommon for these incidents to attract hundreds of vehicles, as well as additional spectators who travel from all over the state. These collaborative deployments yield firearms, narcotics, stolen vehicles, warrant arrests, and DUI arrests. If we do not crack down on this dangerous behavior, the dangers presented will continue to grow and have already proven to be both dangerous and deadly when the involved motorists strike other motorists, pedestrians, or even crash into stationary objects. Aggressive enforcement of sideshow and street racing will discourage people from coming to San Leandro, and other Bay Area cities to commit such reckless acts. As this is a severe growing problem, particularly in the Bay Area, it is imperative to deploy our traffic officers for sideshow enforcement to prevent San Leandro from becoming a hot spot.

Traffic Enforcement:

Over the past three years, San Leandro saw a monthly average of 70-100 documented injury and non-injury crashes. Without our best enforcement efforts, these numbers would be substantially higher. The traffic officers are assigned to the high-crash intersections daily during their shift where they enforce the top three primary crash factors (PCFs) relevant to those areas. A common result of these enforcement efforts is an increase in crashes in the surrounding areas. We have a positive impact when concentrating on a specific area, but it appears that after the drivers pass our location, their driving habits revert to the top three PCFs. When staffing allows, to combat this problem, traffic officers deploy into adjoining areas to increase the area of enforcement. The San Leandro Police Department will provide additional Traffic Enforcement to supplement our efforts to combat the PCF crashes.

3. METHOD OF PROCEDURE

A. Phase 1 – Program Preparation (1st Quarter of Grant Year)

- The department will develop operational plans to implement the “best practice” strategies outlined in the objectives section.
- All training needed to implement the program should be conducted in the first quarter.
- All grant related purchases needed to implement the program should be made in the first quarter.
- In order to develop/maintain the “DUI BOLOs,” research will be conducted to identify the “worst of the worst” repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. The DUI BOLO may include the driver’s name, last known address, DOB, description, current license status, and the number of times suspended or revoked for DUI. DUI BOLOs should be updated and distributed to traffic and patrol officers at least monthly.
- Implementation of the STEP grant activities will be accomplished by deploying personnel at high crash locations.

Media Requirements:

Issue a press release approved by the OTS PIO announcing the kick-off of the grant by November 15, but no sooner than October 1. The kick-off release must be approved by the OTS PIO and only distributed after the grant is fully signed and executed. If you are unable to meet the November 15 deadline to issue a kick-off press release, communicate reasons to your OTS grant coordinator and OTS PIO.

B. Phase 2 – Program Operations (Throughout Grant Year)

- The department will work to create media opportunities throughout the grant period to call attention to the innovative program strategies and outcomes.

Media Requirements

The following requirements are for all grant-related activities:

- Send all media advisories, alerts, videos, graphics, artwork, posters, radio/PSA/video scripts, storyboards, digital and/or print educational materials for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS grant coordinator. Optimum lead time would be 7 days before the scheduled release but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Send all Powerpoint presentations, online presentations and trainings for grant-related activities to the OTS PIO at pio@ots.ca.gov for approval and copy your OTS grant coordinator. Certified training courses are EXEMPT from the approval process.
- The OTS PIO is responsible for the approval of the design and content of materials. The agency understands OTS PIO approval is not authorizing approval of budget expenditure or cost. Any cost approvals must come from the OTS grant coordinator.
- Pre-approval is not required when using any OTS-supplied template for media advisories, press releases, social media graphics, videos or posts, or any other OTS-supplied educational material. However, copy the OTS PIO at pio@ots.ca.gov and your OTS grant coordinator when any material is distributed to the media and public, such as a press release, educational material, or link to social media post. The OTS-supplied kick-off press release templates and any kickoff press releases are an exception to this policy and require prior approval before distribution to the media and public.
- If an OTS-supplied template, educational material, social media graphic, post or video is substantially changed, the changes shall be sent to the OTS PIO at pio@ots.ca.gov for approval and copy to your OTS grant coordinator. Optimum lead time would be 7 days prior to the scheduled release date, but at least 3 business days prior to the scheduled release date for review and approval is appreciated.
- Press releases, social media posts and alerts on platforms such as NextDoor and Nixle reporting immediate and time-sensitive grant activities (e.g. enforcement operations, day of event

highlights or announcements, event invites) are exempt from the OTS PIO approval process. The OTS PIO and your OTS grant coordinator should still be notified when the grant-related activity is happening (e.g. car seat checks, bicycle rodeos, community presentations, DUI checkpoints, etc.).

- Enforcement activities such as warrant and probation sweeps, court stings, etc. that are embargoed or could impact operations by publicizing in advance are exempt from the PIO approval process. However, announcements and results of activities should still be copied to the OTS PIO at pio@ots.ca.gov and your OTS grant coordinator with embargoed date and time or with “INTERNAL ONLY: DO NOT RELEASE” message in subject line of email.
- Any earned or paid media campaigns for TV, radio, digital or social media that are part of a specific grant objective, using OTS grant funds, or designed and developed using contractual services by a subgrantee, requires prior approval. Please send to the OTS PIO at pio@ots.ca.gov for approval and copy your grant coordinator at least 3 business days prior to the scheduled release date.
- Social media posts highlighting state or national traffic safety campaigns (Distracted Driving Month, Motorcycle Safety Awareness Month, etc.), enforcement operations (DUI checkpoints, etc.), or any other grant-related activity such as Bicycle rodeos, presentations, or events, are highly encouraged but do not require prior approval.
- Submit a draft or rough-cut of all digital, printed, recorded or video material (brochures, posters, scripts, artwork, trailer graphics, digital graphics, social posts connected to an earned or paid media campaign grant objective) to the OTS PIO at pio@ots.ca.gov and copy your OTS grant coordinator for approval prior to the production or duplication.
- Use the following standard language in all press, media, and printed materials, space permitting: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Space permitting, include the OTS logo on all grant-funded print materials, graphics and paid or earned social media campaign grant objective; consult your OTS grant coordinator for specifics, format-appropriate logos, or if space does not permit the use of the OTS logo.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS grant coordinator at least 21 days in advance, or when first confirmed, a short description of any significant grant-related traffic safety event or program, particularly events that are highly publicized beforehand with anticipated media coverage so OTS has sufficient notice to arrange for attendance and/or participation in the event. If unable to attend, email the OTS PIO and coordinator brief highlights and/or results, including any media coverage (broadcast, digital, print) of event within 7 days following significant grant-related event or program. Media and program highlights are to be reflected in QPRs.
- Any press releases, work plans, scripts, storyboards, artwork, graphics, videos or any educational or informational materials that received OTS PIO approval in a prior grant year needs to be resubmitted for approval in the current grant year.
- For additional guidance, refer to the [OTS Grants Materials Approval Process Guidelines](#) and [OTS Grants Media Approval Process FAQs](#) on the OTS website.
- Contact the OTS PIO or your OTS grant coordinator for consultation when changes from any of the above requirements might be warranted.

GENERAL ASSURANCES

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA.”

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

SPECIFIC ASSURANCES

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in § 21.23(b) and (c) of [49 CFR part 21](#) will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source: *“The [name of Recipient], in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”*
3. The Recipient will insert the clauses of appendix A and E of this Assurance (also referred to as DOT Order 1050.2A) in every contract or agreement subject to the Acts and the Regulations.
4. The Recipient will insert the clauses of appendix B of DOT Order 1050.2A, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form of, or for the acquisition of, real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.
7. That the Recipient will include the clauses set forth in appendix C and appendix D of this DOT Order 1050.2A, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
 - a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
8. That this Assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the Assurance obligates the Recipient, or any transferee for the longer of the following periods:
 - a. the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or
 - b. the period during which the Recipient retains ownership or possession of the property.
9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

By signing this ASSURANCE, the State highway safety agency also agrees to comply (and require any sub-recipients, sub-grantees, contractors, successors, transferees, and/or assignees to comply) with all applicable provisions governing NHTSA's access to records, accounts, documents, information, facilities, and staff. You also recognize that you must comply with any program or compliance reviews, and/or complaint investigations conducted by NHTSA. You must keep records, reports, and submit the material for review upon request to NHTSA, or its designee in a timely, complete, and accurate way. Additionally, you must comply with all other reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

The State highway safety agency gives this ASSURANCE in consideration of and for obtaining any Federal grants, loans, contracts, agreements, property, and/or discounts, or other Federal-aid and Federal financial assistance extended after the date hereof to the recipients by the U.S. Department of Transportation under the Highway Safety Grant Program. This ASSURANCE is binding on the State highway safety agency, other recipients, sub-recipients, sub-grantees, contractors, subcontractors and their subcontractors', transferees, successors in interest, and any other participants in the Highway Safety Grant Program. The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;

The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.

2. The recipient shall maintain responsibility to enforce the requirements of the written code or standards of conduct.

DISCLOSURE REQUIREMENTS

No State or its subrecipient, including its officers, employees, or agents, shall perform or continue to perform under a grant or cooperative agreement, whose objectivity may be impaired because of any related past, present, or currently planned interest, financial or otherwise, in organizations regulated by NHTSA or in organizations whose interests may be substantially affected by NHTSA activities. Based on this policy:

1. The recipient shall disclose any conflict of interest identified as soon as reasonably possible, making an immediate and full disclosure in writing to NHTSA. The disclosure shall include a description of the action which the recipient has taken or proposes to take to avoid or mitigate such conflict.
2. NHTSA will review the disclosure and may require additional relevant information from the recipient. If a conflict of interest is found to exist, NHTSA may (a) terminate the award, or (b) determine that it is otherwise in the best interest of NHTSA to continue the award and include appropriate provisions to mitigate or avoid such conflict.
3. Conflicts of interest that require disclosure include all past, present, or currently planned organizational, financial, contractual, or other interest(s) with an organization regulated by NHTSA or with an organization whose interests may be substantially affected by NHTSA activities, and which are related to this award.
