WHEREAS, this is the 9th year in which the City of San Leandro is receiving SB 1 funding and will enable the City of San Leandro to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the City of San Leandro has undergone a robust public process to ensure public input into our community's transportation priorities/the project list; and

WHEREAS, the City of San Leandro used a Pavement Management System to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the communities' priorities for transportation investment; and
