RECEIVED

Narrative:

Nolan and I had a 3<sup>rd</sup> party build a fence on the Crespi Street side of our property to block out peeping Toms from looking in our bathroom windows facing the street to give us some privacy. We also had numerous residents have their dogs defecate on our property while they just watched and walked away without picking up after their pets. After the fence installation, we have not had any problems with peeping Toms and we have eliminated the issues of dogs defecating on our property. We have 2 English Bulldogs and 1 French Bulldog that love running around in our enclosed green space. My husband and I also enjoy a lot of time outside in this reclaimed space.

-  → EXISTING FENCE
-  → NEW FENCE ADDITION
-  → WOOD GATE
-  → REMOVED PREVIOUS FENCE
