Business Description

1. Business Description

According to the regulations of the California Massage Therapy Council, Nina Therapy Massage Studio provides body manipulation and stretching services to clients through certified massage therapists, using professional acupressure, acupoints, and meridian massage techniques. The massage therapists apply gentle or firm pressure to compress, pull, and stretch various body parts such as arms, legs, shoulders, neck, and waist, aiming to effectively alleviate physical pain, eliminate body fatigue, and promote overall relaxation for the clients. Nina Therapy Massage Studio has an open-layout design, with no enclosures or partitions in the middle of the rooms. From the reception area to the treatment rooms and office, everything is open and transparent.

We require customers to wear clothes during massage treatments. We do not accept clients who wish to be completely unclothed, and we do not provide massage services to clients in such a state.

Nina Therapy Massage Studio exclusively offers therapeutic massage services and strictly prohibits any form of illegal or sexual services. We do not provide genital or anal area massages. Female breast massages are only offered with the explicit written consent of the customer.
