Benefit District Basics

- Established in 2013, requires renewal in 2028 by a vote of the property owners.
- Administered by San Leandro Improvement Association (SLIA), a 501c3 notfor-profit organization.
- The SLIA Board is comprised primarily of property owners or their designees and 1/3 or fewer “At -Large” members.
- Assessments determined by physical measurements of property, not value.
- Single-family residences do not receive services and are not assessed.

Coordinated Camera Network

- Create a network of cameras among private businesses that will cover general areas of downtown.
- Use forensic-level cameras that are automatically tested daily for functionality.
- Video is centrally stored and easily accessible according to established guidelines.
- Increase efficiency of investigative resources and rate of apprehension by law enforcement.
