Dear Sir,

Thanks for your e-mail about your building and planning on Mac Arthur Blvd. Durant Ave Oakland, CA. I live across the street on the Oakland side, if approved you will be my neighbor. I will be unable to attend the meeting, but I am very concern about the parking. **As you know there is an Senior Citizen Housing across the street on the Oakland side. The Senior Citizen Apartment doesn't have enough parking for the 30 tenants, therefore they are parking any and everywhere...**

I am having problems getting in and out of my own driveway, with too many cars on the street (durant ave. 2605) **Please note on the corner illegal parking/ on the clearly marked RED CURVE..**

Can the City of San Leandro think about remarking and new Parking Signs to enforce the flow of traffic.

I look forward in hearing from you are the City of San Leandro...

Sincerely,

Beverly Jitosho
