Attention: Elmer Penaranda, Senior Planner

Reference: 2000 Marina Blvd Project

Elmer,

As you are aware we are the western neighbor to the 2000 Marina Blvd project site and have seen the proposed plans for the new building Overton Moore would like to build on that parcel. Please submit our letter to the Zoning Board and put us in the fully support column. We are looking forward to seeing the new building take shape and the continued growth of our area that will follow.

Best Regards,
