FOR
PURCHASE AND INSTALLATION OF SURFACING AT DOG PARK**

THIS AGREEMENT for installation of surfacing services is made by and between the City of San Leandro ("City") and McNabb Construction, Inc. ("Contractor") (together sometimes referred to as the "Parties") as of August 15, 2018 (the "Effective Date").

Section 1. SERVICES. Subject to the terms and conditions set forth in this Agreement, Contractor shall provide to City the services described in the Scope of Work attached as Exhibit A at the time and place and in the manner specified therein. In the event of a conflict in or inconsistency between the terms of this Agreement and Exhibit A, the Agreement shall prevail.

- 1.1 **Term of Services.** The term of this Agreement shall begin on the Effective Date and shall end on January 1, 2019, the date of completion specified in Exhibit A, and Contractor shall complete the work described in Exhibit A on or before that date, unless the term of the Agreement is otherwise terminated or extended, as provided for in Section 8. The time provided to Contractor to complete the services required by this Agreement shall not affect the City's right to terminate the Agreement, as referenced in Section 8.
- 1.2 **Standard of Performance.** Contractor shall perform all services required pursuant to this Agreement in the manner and according to the standards observed by a competent practitioner of the profession in which Contractor is engaged.
- 1.3 **Assignment of Personnel.** Contractor shall assign only competent personnel to perform services pursuant to this Agreement. In the event that City, in its sole discretion, at any time during the term of this Agreement, desires the reassignment of any such persons, Contractor shall, immediately upon receiving notice from City of such desire of City, reassign such person or persons.
- 1.4 **Time.** Contractor shall devote such time to the performance of services pursuant to this Agreement as may be reasonably necessary to meet the standard of performance provided in Subsection 1.2 above and to satisfy Contractor's obligations hereunder.
- 1.5 **City of San Leandro Living Wage Rates.** This contract may be covered by the City of San Leandro Living Wage Ordinance (LWO). Bidder's attention is directed to the San Leandro Municipal Code, Title 1, Chapter 6, Article 6. Successful Bidder must submit completed self-certification form and comply with the LWO if covered.
- 1.6 **Public Works Contractor Registration.** Contractor agrees, in accordance with Section 1771.1 of the California Labor Code, that Consultant or any subconsultant shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work,

as defined in Chapter 1 of Part 7 of Division 2 of the California Labor Code, unless currently registered and qualified to perform public work pursuant to California Labor Code section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded. No contractor or subcontractor may be awarded a contract for public work on a public works project unless registered with the Department of Industrial Relations pursuant to California Labor Code section 1725.5. Contractor agrees, in accordance with Section 1771.4 of the California Labor Code, that if the work under this Agreement qualifies as public work, it is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

Section 2. COMPENSATION. City hereby agrees to pay Contractor a sum not to exceed \$150,000, notwithstanding any contrary indications that may be contained in Contractor's proposal, for services to be performed and reimbursable costs incurred under this Agreement. In the event of a conflict between this Agreement and Contractor's proposal, attached as Exhibit B, regarding the amount of compensation, the Agreement shall prevail. City shall pay Contractor for services rendered pursuant to this Agreement at the time and in the manner set forth herein. The payments specified below shall be the only payments from City to Contractor for services rendered pursuant to this Agreement. Contractor shall submit all invoices to City in the manner specified herein. Except as specifically authorized by City in writing, Contractor shall not bill City for duplicate services performed by more than one person.

Consequently, the Parties further agree that compensation hereunder is intended to include the costs of contributions to any pensions and/or annuities to which Contractor and its employees, agents, and subcontractors may be eligible. City therefore has no responsibility for such contributions beyond compensation required under this Agreement.

2.1 Invoices. Contractor shall submit invoices, not more often than once a month during the term of this Agreement, based on the cost for services performed and reimbursable costs incurred prior to the invoice date. Invoices shall contain the following information:

- The total number of hours of work performed under the Agreement by Contractor and each employee, agent, and subcontractor of Contractor performing services hereunder;
- The Contractor's signature;
- Contractor shall give separate notice to the City when the total number of hours worked by Contractor and any individual employee, agent, or subcontractor of Contractor reaches or exceeds 800 hours within a 12-month period under this Agreement and any other agreement between Contractor and City. Such notice shall include an estimate of the time necessary to complete work described in Exhibit A and the estimate of time necessary to complete work under any other agreement between Contractor and City, if applicable.

2.2 Monthly Payment. City shall make monthly payments, based on invoices received, for services satisfactorily performed, and for authorized reimbursable costs incurred. City shall have 30 days from the receipt of an invoice that complies with all of the requirements above to pay Contractor.

2.3 Final Payment. City shall pay the last 5% of the total sum due pursuant to this Agreement within 60 days after completion of the services and submittal to City of a final invoice, if all services required have been satisfactorily performed.

2.4 Total Payment. City shall pay for the services to be rendered by Contractor pursuant to this Agreement. City shall not pay any additional sum for any expense or cost whatsoever incurred by Contractor in rendering services pursuant to this Agreement. City shall make no payment for any extra, further, or additional service pursuant to this Agreement.

In no event shall Contractor submit any invoice for an amount in excess of the maximum amount of compensation provided above either for a task or for the entire Agreement, unless the Agreement is modified prior to the submission of such an invoice by a properly executed change order or amendment.

2.5 Hourly Fees. Fees for work performed by Contractor on an hourly basis shall not exceed the amounts shown on the compensation schedule attached hereto as Exhibit B.

2.6 Reimbursable Expenses. Not applicable.

of the date of written notice of termination. Contractor shall maintain adequate logs and timesheets to verify costs incurred to that date.

2.9 Authorization to Perform Services. The Contractor is not authorized to perform any services or incur any costs whatsoever under the terms of this Agreement until receipt of authorization from the Contract Administrator.

2.10 Liquidated Damages. Failure of Contractor to respond to problems referred to it by City within the time limits established in Subsection 1.2 of this Agreement shall result in liquidated damages as set forth in Exhibit A.

Section 3. FACILITIES AND EQUIPMENT. Except as set forth herein, Contractor shall, at its sole cost and expense, provide all facilities and equipment that may be necessary to perform the services required by this Agreement. City shall make available to Contractor only the facilities and equipment listed in this section, and only under the terms and conditions set forth herein. Contractor shall make a written request to City to use facilities or equipment not otherwise listed herein.

3.1 Safety Requirements. In accordance with generally accepted construction practices and state law, Contractor shall be solely and completely responsible for conditions on the jobsite, including safety of all persons and property during performance of the work. This requirement shall apply continuously and not be limited to normal working hours.

Contractor shall take all necessary precautions and provide all necessary safeguards to prevent personal injury and property damage. Contractor shall provide protection for all persons including, but not limited to, its employees and employees of its subcontractors; members of the public; and employees, agents, and representatives of the City and regulatory agencies that may be on or about the work.

Contractor shall be solely responsible for compliance with all city, county, and state explosive transport, storage, and blasting requirements and for any damages caused by such operations.

Contractor is hereby informed that work on City property could be hazardous. Contractor shall carefully instruct all personnel working on City property that all conditions of the property are potentially hazardous work areas as to potential dangers and shall provide such necessary safety equipment and instructions as are necessary to prevent injury to personnel and damage to property. Special care shall be exercised relative to work underground.

In addition to complying with all other safety regulations, Contractor shall abide by any and all other City requirements contained in any specifications, special conditions or manuals, which shall be made available by City upon request.

Contractor shall provide and maintain all necessary safety equipment such as fences, barriers, signs, lights, walkways, guards, and fire prevention and fire-fighting equipment and shall take such other action as is required to fulfill its obligations under this section. It is the intent of the City to provide a safe working environment under normal conditions. CONTRACTOR IS ADVISED THAT CITY'S OPERATIONS AND PROPERTY ARE INHERENTLY HAZARDOUS BECAUSE OF CONDITIONS SUCH AS CONFINED SPACES, POTENTIALLY EXPLOSIVE ATMOSPHERES, AND POSSIBLE EXPOSURE TO PATHOGENS.

Contractor shall maintain all portions of the jobsite in a neat, clean, and sanitary condition at all times. If required by the City, toilets shall be furnished by Contractor where needed for use of its employees and their use shall be strictly enforced. Contractor shall not use the City's existing sanitary facilities, unless previously authorized by the City.

Contractor shall keep adequate first aid facilities and supplies available and instruction in first aid for its employees shall be given.

City reserves the right to require that Contractor bring onto the project or engage the services of a licensed safety engineer at any time during the term of this Agreement. If Contractor does not have a licensed safety engineer on staff, then City may require that Contractor engage a subcontractor or subconsultant as the project's safety engineer. Contractor shall bear all costs in connection with meeting the requirements of this section.

Section 4. INSURANCE REQUIREMENTS. Before fully executing this Agreement, Contractor, at its own cost and expense, unless otherwise specified below, shall procure the types and amounts of insurance listed below against claims for injuries to persons or damages to property that may arise from or in connection with the performance of the work hereunder by the Contractor and its agents, representatives, employees, and subcontractors. Contractor shall maintain the insurance policies required by this section throughout the term of this Agreement. The cost of such insurance shall be included in the Contractor's bid. Contractor shall not allow any subcontractor to commence work on any subcontract until Contractor has obtained all insurance required herein for the subcontractor(s) and provided evidence to City that such insurance is in effect. In the alternative, Contractor may rely on a self-insurance program to meet these requirements, but only if the program of self-insurance complies fully with the provisions of the California Labor Code. Determination of whether a self-insurance program meets the standards of the California Labor Code shall be solely in the discretion of the Contract Administrator.

The Workers' Compensation policy shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents, and subcontractors.

4.1.2 Submittal Requirements. To comply with Subsection 4.1, Contractor shall submit the following:

If a Commercial General Liability Insurance or an Automobile Liability form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit. Such coverage shall include but shall not be limited to, protection against claims arising from bodily and personal injury, including death resulting therefrom, and damage to property resulting from activities contemplated under this Agreement, including the use of owned and non-owned automobiles.

4.2.2 Minimum Scope of Coverage. 4.2.3 Additional Requirements. Each of the following shall be included in the insurance coverage or added as a certified endorsement to the policy:

- a. The Insurance shall cover on an occurrence or an accident basis, and not on a claims-made basis.
- b. City, its officers, officials, employees, and volunteers are to be covered as additional insureds as respects: liability arising out of work or operations performed by or on behalf of the Contractor; or automobiles owned, leased, hired, or borrowed by the Contractor.
- c. Contractor hereby agrees to waive subrogation which any insurer or contractor may require from vendor by virtue of the payment of any loss. Contractor agrees to obtain any endorsements that may be necessary to affect this waiver of subrogation.
- d. For any claims related to this Agreement or the work hereunder, the Contractor's insurance coverage shall be primary insurance as respects the City, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the City, its officers, officials, employees, or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.

4.2.4 Submittal Requirements. To comply with Subsection 4.2, Contractor shall submit the following:

- a. Certificate of Liability Insurance in the amounts specified in the section;
- b. Additional Insured Endorsement as required by the section;

4.3 All Policies Requirements.

4.3.1 Acceptability of Insurers. All insurance required by this section is to be placed with insurers with a Bests' rating of no less than A:VII.

4.3.2 Verification of Coverage. Prior to beginning any work under this Agreement, Contractor shall furnish City with complete copies of all Certificates of Liability Insurance delivered to Contractor by the insurer, including complete copies of all endorsements attached to the policies. All copies of Certificates of Liability Insurance and certified endorsements shall show the signature of a person authorized by that insurer to bind coverage on its behalf. If the City does not receive the required insurance documents prior to the Contractor beginning work, it shall not waive the Contractor's obligation to provide them. The City reserves the right to require complete copies of all required insurance policies at any time.

4.3.3 Deductibles and Self-Insured Retentions. Contractor shall disclose to and obtain the written approval of City for the self-insured retentions and deductibles before beginning any of the services or work called for by any term of this Agreement. At the option of the City, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City, its officers, employees, and volunteers; or the Contractor shall provide a financial guarantee satisfactory to the City guaranteeing payment of losses and related investigations, claim administration and defense expenses.

4.3.4 Wasting Policies. No policy required by this Section 4 shall include a “wasting” policy limit (i.e. limit that is eroded by the cost of defense).

4.3.5 Endorsement Requirements. Each insurance policy required by Section 4 shall be endorsed to state that coverage shall not be canceled by either party, except after 30 days’ prior written notice has been provided to the City.

4.3.6 Subcontractors. Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

4.4 Remedies. In addition to any other remedies City may have if Contractor fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option exercise any of the following remedies, which are alternatives to other remedies City may have and are not the exclusive remedy for Contractor’s breach:

- Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement;
- Order Contractor to stop work under this Agreement or withhold any payment that becomes due to Contractor hereunder, or both stop work and withhold any payment, until Contractor demonstrates compliance with the requirements hereof; and/or
- Terminate this Agreement.

Section 5. INDEMNIFICATION AND CONTRACTOR’S RESPONSIBILITIES. Contractor shall indemnify, defend with counsel acceptable to City, and hold harmless City and its officers, officials, employees, agents and volunteers from and against any and all liability, loss, damage, claims, expenses, and costs (including without limitation, attorney’s fees and costs and fees of litigation) (collectively, “Liability”) of every nature arising out of or in connection with Contractor’s performance of the Services or its failure to comply with any of its obligations contained in this Agreement, except such Liability caused by the sole negligence or willful misconduct of City.

The Contractor’s obligation to defend and indemnify shall not be excused because of the Contractor’s inability to evaluate Liability or because the Contractor evaluates Liability and determines that the

Contractor is not liable to the claimant. The Contractor must respond within 30 days, to the tender of any claim for defense and indemnity by the City, unless this time has been extended by the City. If the Contractor fails to accept or reject a tender of defense and indemnity within 30 days, in addition to any other remedy authorized by law, so much of the money due the Contractor under and by virtue of this Agreement as shall reasonably be considered necessary by the City, may be retained by the City until disposition has been made of the claim or suit for damages, or until the Contractor accepts or rejects the tender of defense, whichever occurs first.

Notwithstanding the forgoing, to the extent this Agreement is a "construction contract" as defined by California Civil Code Section 2782, as may be amended from time to time, such duties of Contractor to indemnify shall not apply when to do so would be prohibited by California Civil Code Section 2782.

In the event that Contractor or any employee, agent, or subcontractor of Contractor providing services under this Agreement is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of City, Contractor shall indemnify, defend, and hold harmless City for the payment of any employee and/or employer contributions for PERS benefits on behalf of Contractor or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City.

Section 6. STATUS OF CONTRACTOR.

City shall have the right to control Contractor only insofar as the results of Contractor's services rendered pursuant to this Agreement and assignment of personnel pursuant to Subsection 1.3; however, otherwise City shall not have the right to control the means by which Contractor accomplishes services rendered pursuant to this Agreement. Notwithstanding any other City, state, or federal policy, rule, regulation, law, or ordinance to the contrary, Contractor and any of its employees, agents, and subcontractors providing services under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any and all claims to, any compensation, benefit, or any incident of employment by City, including but not limited to eligibility to enroll in the California Public Employees Retirement System (PERS) as an employee of City and entitlement to any contribution to be paid by City for employer contributions and/or employee contributions for PERS benefits.

Contractor shall comply with all applicable federal, state, and local laws, policies, rules, and requirements related to equal opportunity and nondiscrimination in employment, contracting, and the provision of any services that are the subject of this Agreement, including but not limited to the satisfaction of any positive obligations required of Contractor thereby.

- 8.2 Extension.** City may, in its sole and exclusive discretion, extend the end date of this Agreement beyond that provided for in Subsection 1.1. Any such extension shall require a written amendment to this Agreement, as provided for herein. Contractor understands and agrees that, if City grants such an extension, City shall have no obligation to provide Contractor with compensation beyond the maximum amount provided for in this Agreement. Similarly, unless authorized by the Contract Administrator, City shall have no obligation to reimburse Contractor for any otherwise reimbursable expenses incurred during the extension period.
- 8.3 Amendments.** The Parties may amend this Agreement only by a writing signed by all the Parties.
- 8.4 Assignment and Subcontracting.** City and Contractor recognize and agree that this Agreement contemplates personal performance by Contractor and is based upon a determination of Contractor's unique personal competence, experience, and specialized personal knowledge. Moreover, a substantial inducement to City for entering into this Agreement was and is the professional reputation and competence of Contractor. Contractor may not assign this Agreement or any interest therein without the prior written approval of the Contract Administrator. Contractor shall not subcontract any portion of the performance contemplated and provided for herein, other than to the subcontractors noted in the proposal, without prior written approval of the Contract Administrator.
- 8.5 Survival.** All obligations arising prior to the termination of this Agreement and all provisions of this Agreement allocating liability between City and Contractor shall survive the termination of this Agreement.
- 8.6 Options upon Breach by Contractor.** If Contractor materially breaches any of the terms of this Agreement, City's remedies shall included, but not be limited to, the following:

Contractor hereby agrees to deliver those documents to the City upon termination of the Agreement. It is understood and agreed that the documents and other materials, including but not limited to those described above, prepared pursuant to this Agreement are prepared specifically for the City and are not necessarily suitable for any future or other use. City and Contractor agree that, until final approval by City, all data, plans, specifications, reports and other documents are confidential and will not be released to third parties without prior written consent of both Parties.

9.2 Contractor's Books and Records. Contractor shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, and other records or documents evidencing or relating to charges for services or expenditures and disbursements charged to the City under this Agreement for a minimum of 3 years, or for any longer period required by law, from the date of final payment to the Contractor to this Agreement.

9.3 Inspection and Audit of Records. Any records or documents that Subsection 9.2 of this Agreement requires Contractor to maintain shall be made available for inspection, audit, and/or copying at any time during regular business hours, upon oral or written request of the City. Specifications Furnish & Install Decomposed Granite at City's Dog Park

General

The City's Dog Park is located south of Marina Park beyond the southern terminus of Monarch Bay Drive, and can be accessed by the public either on foot or bicycle. Adjacent land uses include the Monarch Bay Golf Club to the east, the Bay Trail to the west and south, and the East Bay Dischargers Authority (EBDA) De-Chlorination facility to the north. The park was constructed in 2011 and included: creation of a 'small-dog' area, encompassing approximately 0.47 acres (approximate dimensions of 200' long by 50' wide); creation of a 'large-dog' area encompassing approximately 0.86 acres (approximate dimensions of 440' long by 40' wide); abandonment in place of an Emergency Vehicle Access (EVA) way comprised of rock; construction of a 4-foot tall vinyl-coated cyclone fence along the western, northern and southern boundaries; two shade structures covering concrete picnic tables; a common, double-gated entryway; two human/dog drinking fountains; concrete benches; large landscape rocks (for dogs to climb on); and re-purposed fire hydrants. In 2014, six dog play features were added to the park (three in each park). There is no irrigation for the Park.

The purpose of this project is to provide a more consistent ground surface for the dogs to run and play, and one that will help deter weed growth. This project will, to the extent feasible, be coordinated with installation of additional dog play apparatus (bid/purchased separately from this bid).

Technical

The proposed project will include the following items:

1. Removal of vegetation, weed growth, brush and other objectionable materials within limits of Work. Pre-construction weed control shall consist of the following: Spray site with a post-emergence, non-selective, systemic herbicide such as Ranger-Pro or approved equal applied by an applicator certified with the State of CA Department of Pesticide Regulation. Contractor shall take necessary precautions to prevent spray drift into neighboring properties or onto protected trees. All treated areas must be left undisturbed for at least 7 days. City shall be notified 48 hrs. in advance of this application and will post the area.
2. Existing trees at north end of 'small-dog' area shall be protected during construction (per International Society of Arborists standards) with temporary construction fencing.
3. Decomposed Granite (DG) shall be a naturally decomposed material conforming to Subsection 400-2.3 of the Standard Specification for Public Works Construction and shall comply with the following gradations:

<u>Sieve Designation</u>	<u>% Passing</u>
3/8"	100
No. 4	95-100
No. 8	70-80
No. 16	50-70
No. 30	35-50
No. 50	25-35
No. 100	15-25
No. 200	5-15

The color of DG shall be tan. A sample of the DG that is going to be used for the project shall be submitted for the City's approval prior to ordering the product.

4. Excavation to depth is required so that finished, compacted edges of DG surfacing are $\frac{1}{2}$ " below adjacent grades/edging and have a maximum cross slope of 1 percent. Remove excavated soil from site. Areas to receive DG shall be cleared of trash and debris prior to placement. Subgrade preparation shall comply with Greenbook Section 301-1 "Subgrade Preparation." Base course installation shall comply with Greenbook Section 301-2 "Untreated Base." Location and contact information where the off-hauled soil will be transported to shall be provided to the City prior to start of excavation. Copies of invoices or dump slips for the disposal of any soil that is removed must be emailed to the project manager at the end of each work day. All loads must be properly covered to prevent contents from being dispersed. Loads that are not properly covered during transport may be subject to citation. The cost of the citation and any required clean-up is the sole responsibility of the contractor.
5. Prior to installation of DG, thoroughly pre-soak surface on which DG surfacing is to be placed. DG is typically installed four inches thick in pedestrian applications. Install in 2" maximum lift thickness and soak with sufficient water through entire depth of lift. Install the additional lifts and soak with sufficient water as required. Grade smooth to required elevation. Compact after +/- 4 hours, with final lift compacted with a three-five ton double or single static drum roller. Minimum compacted thickness shall be 4 inches. The completed surface shall be consistent quality and free of deleterious materials such as organic materials, nails, stones, and loose material. Surface shall not have depressions or humps greater than $\frac{1}{4}$ -inch in ten feet. It is recommended to grade the area with a laser or similar for a level surface.
6. Prior to completion of the 90-day maintenance period, an additional application of decomposed granite may need to be added to achieve a level, evenly-graded 4" thick layer throughout the project area. Loose aggregate will appear on the surface over time, which is a natural occurrence. If excessive aggregate over $\frac{1}{4}$ inches occurs, redistribute the DG over the entire surface, water thoroughly and recompact with a minimum 1-ton drum roller. This process can be repeated by Bidder as deemed necessary by the City during the maintenance period.

Miscellaneous

- The City does not anticipate the need to remove any existing fencing during construction. Contractor must obtain City's prior approval should any fencing need to be temporarily removed. Any fencing temporarily removed must be put back in place according to original installation standards.
- Onsite construction must not impact golf play at any time on the adjacent golf course to the east. This may include the need to apply water onsite during soil excavation and/or placement of the DG (prevailing winds are on-shore, typically growing stronger in the afternoons, and generally occur in a west to east direction). Reclaimed water may be available by prior arrangement from the City's Water Pollution Control Plant (fill-up of Contractor's water truck).
- Clean-up shall be made as each portion of work progresses. Refuse and excess dirt shall be removed from the site, all walks and paving shall be swept daily (including affected portions of the Bay Trail), and any damage sustained on the work of others shall be repaired to original conditions.
- Contractor's equipment may be staged south of the Dog Park, east of the Bay Trail. This area is open to the elements and is not secured. City will not be responsible for any damage that may occur to Contractor's equipment that is left onsite or in staging area during project.
- Access to the Bay Trail by pedestrians and bicyclists must remain unobstructed for the duration of the project. Prior to commencement of project, temporary signage shall be put up by City, indicating to the public that the area is under-going construction with equipment in use, and to exercise caution.
- Contractor shall be responsible for calling a USA one week prior to start of excavation activities.
- At the time of contract award, the contractor shall possess a Class "A" or "B" with "C-8", "C-10", "C-

12", or "C-27" Contractor's License. No bid will be accepted from a contractor who has not been licensed in accordance with the Provisions of Chapter 9, Division III, of the Business and Professions Code of the State of California at the time the bid is submitted.

- Following issuance of the Purchase Order, the contractor shall have forty-five (45) working days to complete the work. The 90-day Maintenance Period shall commence upon City's review and acceptance of work, and after completion by Bidder of any Punch List items. Credit for Rain Days will be given, provided the Contractor emails in a request for each rain day at least 12 hours in advance.
