1st House				2nd House				Conf. Conc.			

Summary: Would, under the law governing the taxation of insurers, the Personal Income Tax Law, and the Corporation Tax Law, for the 2020 to 2024 calendar years, inclusive, would increase the aggregate housing credit dollar amount that may be allocated among low-income housing projects by an additional \$500,000,000, as specified, and would allocate to farmworker housing projects \$25,000,000 per year of that amount. The bill, under those laws, would modify the definition of applicable percentage relating to qualified low-income buildings to depend on whether the building is a new or existing building and federally subsidized, or a building that is, among other things, at least 15 years old, serving households of very low income or extremely low income, and will complete substantial rehabilitation, as specified.

Summary: Current law dissolved redevelopment agencies as of February 1, 2012, and designates successor agencies to act as successor entities to the dissolved redevelopment agencies. This bill, the Community Redevelopment Law of 2019, would authorize a city or county, or two or more cities acting jointly, to propose the formation of an affordable housing and infrastructure agency by adoption of a resolution of intention that meets specified requirements, including that the resolution of intention include a passthrough provision and an override passthrough provision, as defined.

1st House				2nd House				Conf. Conc.			

Summary: The Costa-Hawkins Rental Housing Act prescribes statewide limits on the application of local rent control with regard to certain properties. This bill would modify those provisions to authorize an owner of residential real property to establish the initial and all subsequent rental rates for a dwelling or unit that has been issued its first certificate of occupancy within 20 years of the date upon which the owner seeks to establish the initial or subsequent rental rate, or for a dwelling or unit that is alienable separate from the title to any other dwelling unit or is a subdivided interest in a subdivision and the owner is a natural person who owns 10 or fewer residential units within the same jurisdiction as the dwelling or unit for which the owner seeks to establish the initial or subsequent rental rate, subject to certain exceptions.

AB 68

(Ting D) Land use: accessory dwelling units.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conf. Conc.			

Summary: The Planning and Zoning Law authorizes a local agency to provide, by ordinance, for the creation of accessory dwelling units in single-family and multifamily residential zones and sets forth required ordinance standards, including, among others, lot coverage. This bill would delete the provision authorizing the imposition of standards on lot coverage and would prohibit an ordinance from imposing requirements on minimum lot size.

This bill would require the department to propose small home building standards governing accessory dwelling units smaller than 800 square feet, junior accessory dwelling units, and detached dwelling units smaller than 800 square feet, as specified, and to submit the small home building standards to the California Building Standards Commission for adoption on or before January 1, 2021.

1st House				2nd House				Conc.			

Summary: Would require the department to designate areas in this state as high-resource areas, as provided, by January 1, 2021, and every 5 years thereafter. The bill would authorize a city or county to appeal the designation of an area within its jurisdiction as a high-resource area during that 5-year period. In any area designated as a high-resource area, the bill would require that a housing development project be a use by right, upon the request of a developer, in any high-resource area designated pursuant to a use by right in certain parts of the high-resource area if those projects meet specified requirements, including specified affordability requirements. For certain development projects where the initial sales price or initial rent exceeds the affordable housing cost or affordable rent to households with incomes equal to or less than 100% of the area median income, the bill would require the applicant agree to pay a fee equal to 10% of the difference between the actual initial sales price or initial rent and the sales price or rent that would be affordable, as provided. The bill would require the city or county to deposit the fee into a separate fund reserved for the construction or preservation of housing with an affordable housing cost or affordable rent to households with a household income less than 50% of the area median income. This bill contains other related provisions and other existing laws.

Summary: Would, until January 1, 2030, prohibit an owner of residential real property from increasing the rental rate for that property in an amount that is greater than 5% plus the percentage change in the cost of living, as defined, more than the lowest rental rate in effect for the immediately preceding 12 months, subject to specified conditions. The bill would exempt from these provisions deed-restricted affordable housing, dormitories, housing that has been issued a certificate of occupancy within the previous 10 years, and housing subject to a local ordinance that imposes a more restrictive rent increase cap than these provisions.

[AB 1483](#) ([Grayson D](#)) Housing data: collection and reporting.

Summary: The Planning and Zoning Law requires the planning agency of a city or county to provide by April 1 of each year an annual report to, among other entities, the Department of Housing and Community Development (department) that includes, among other specified information, the number of net new units of housing that have been issued a completed entitlement, a building permit, or a certificate of occupancy, thus far in the housing element cycle, as provided. Summary: The Mitigation Fee Act requires a local agency that establishes, increases, or imposes a fee

as a condition of approval of a development project to, among other things, determine a reasonable relationship between the fee's use and the type of development project on which the fee is imposed. This bill would require each city, county, or city and county to post on its internet website the type and amount of each fee imposed on a housing development project, as defined.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.	Enrolled	Vetoed	Chaptered

Summary: The Planning and Zoning Law requires that a development be subject to a requirement mandating a minimum percentage of below market rate housing based on one of 3 specified conditions. Current law requires, among those conditions, a development to dedicate a minimum of 10% of the total number of units to housing affordable to households making below 80% of the area median income, if the project contains more than 10 units of housing and the locality did not timely submit its latest production report to the Department of Housing and Community Development, or that production report reflects that there were fewer units of above moderate-income housing issued building permits than were required for the regional housing needs assessment cycle for that reporting period. This bill would modify that condition to authorize a development to instead dedicate 20% of the total number of units to housing affordable to households making below 120% of the area median income with the average income of the units at or below 100% of the area median income, except as provided.

Summary: Current law prescribes requirements for the disposal of surplus land by a local agency. Current law defines "local agency" for these purposes as every city, county, city and county, and district, including school districts of any kind or class, empowered to acquire and hold real property. This bill would expand the definition of "local agency" to include sewer, water, utility, and local and regional park districts, joint powers authorities, successor agencies to former redevelopment agencies, housing authorities, and other political subdivisions of this state and any instrumentality thereof that is empowered to acquire and hold real property, thereby requiring these entities to comply with these requirements for the disposal of surplus land. The bill would specify that the term "district" includes all districts within the state, and that this change is declaratory of existing law.

Summary: Current law provides for the establishment of various special districts that may support and finance housing development, including affordable housing special beneficiary districts that are authorized to promote affordable housing development with certain property tax revenues that a city or county would otherwise be entitled to receive. This bill, the San Francisco Bay Area Regional Housing Finance Act, would establish the Housing Alliance for the Bay Area (hereafter the entity) and would state that the entity's purpose is to increase affordable housing in the San Francisco Bay area, as defined, by providing for enhanced funding and technical assistance at a regional level for tenant protection, affordable housing preservation, and new affordable housing production.

Summary: Would, until January 1, 2035, provide specified financial incentives that ensure financial feasibility to a development proponent of a residential housing development in the 9-county San Francisco Bay area region that dedicates at least 20% of the development's housing units to households making no more than 150% of the area median income. The incentives provided to those developments include an exemption from the California Environmental Quality Act, a density bonus of 35%, a waiver of local parking requirements, and a waiver of physical building requirements imposed on development by the local agency, such as green building standards.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered

Summary: Current property tax law, in accordance with the California Constitution, provides for a "welfare exemption" for property used exclusively for religious, hospital, scientific, or charitable purposes and that is owned or operated by certain types of nonprofit entities, if certain qualifying criteria are met. Under existing property tax law, property that meets these requirements that is used exclusively for rental housing and related facilities is entitled to a partial exemption, equal to that percentage of the value of the property that is equal to the percentage that the number of units serving lower income households represents of the total number of residential units, in any year that any of certain criteria apply. This bill, on and after January 1, 2020, and before January 1, 2025, would provide a similar exemption for qualified property, as defined, that meets the requirements of the welfare exemption and that is used exclusively for rental housing and related facilities, equal to that percentage of the value of the property that is equal to the percentage that the number of units serving moderate-income households, as defined, represents of the total number of residential units.

This measure would create an additional exception to the 1% limit that would authorize a city, county, city and county, or special district to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, or the acquisition or lease of real property for those purposes, if the proposition proposing that tax is approved by 55% of the voters of the city, county, or city and county, as applicable, and the proposition includes specified accountability requirements.

Current law also provides tenants or subtenants holding possession of a rental housing unit under a fixed-term residential lease entered into before transfer of title at the foreclosure sale the right to possession until the end of the lease term, except in specified circumstances. Summary: The The Housing Accountability Act requires a local agency that proposes to disapprove a housing development project that complies with applicable, objective general plan and zoning standards and criteria that were in effect at the time the application was deemed to be complete, or to approve it on the condition that it be developed at a lower density, to base its decision upon written findings supported by substantial evidence on the record that specified conditions exist, and places the burden of proof on the local agency to that effect. The act requires a court to impose a fine on a local agency under certain circumstances and requires that the fine be at least \$10,000 per housing unit in the housing development project on the date the application was deemed complete. This bill would, until January 1, 2025, specify that an application is deemed complete for these purposes if a preliminary application was submitted, as specified.
