BACKGROUND

Staff presents for a new first reading an ordinance amending the City of San Leandro Zoning Code as first reviewed on June 2, 2014, incorporating the changes recommended by City Council for Article 22, related to expansion of the noticing radius for cases heard by the Board of Zoning Adjustments to 500 feet. Due to additional comments received from the community prior to the meeting of June 16, 2014 after the agenda was printed and posted, staff has removed the new definitions in Article 3 and regulations in Article 7 for Wind Turbines and Wind Farms for further evaluation.

The original staff report summarizing the full extent of the proposed Zoning Code amendments can be found in Legistar File No. 14-207 for reference.

Previous Actions

- June 2, 2014: City Council held a first reading and passed to print an ordinance amending the Zoning Code.
- June 16, 2014: Staff recommended that City Council suspend the second reading of the ordinance in order to analyze additional comments received from the community after the agenda was printed. Staff was directed to bring the ordinance back for a new first reading.
