Discussion Items:

2B. TOBACCO RETAIL LICENSE

Assistant City Attorney Kris Kokotaylo opened the discussion with updates on the existing tobacco retail ordinance. Provisions for flavored tobacco product ban and a package requirement of 15 or more cigars per pack were included in the updated ordinance. Mr. Kokotaylo explained that the package requirement does not extend to “premium cigars” therefore retailers would still be permitted to sell these cigars individually.

Mayor Cutter posed questions related to the process for obtaining a license and requested information on what other cities are charging for individual cigars. Councilmember Thomas discussed including the cigarette ban to local pharmacies and would like to include “menthol” as a flavored product. The City Attorney advised that the City is preempted from regulating menthol cigarettes and the City cannot impose penalties in excess of \$5,000 annually. Councilmember Thomas also does not agree with the four chances retailers are allowed prior to license suspension. Suggests the following:

- i. First violation = Written Warning \$250 Fine
- ii. Second violation = 90 day suspension
- iii. Third violation = license revocation for 5 years
- iv. Requested Staff to return with additional information on what other cities are charging for individual cigars. Would like to charge an amount in align with other jurisdictions.

The committee discussed the local ordinance on smoking in public places and the City Attorney provided clarification on the ordinance.

Councilmember Cox suggested additional signage to inform people that smoking in certain areas is prohibited.
