SUMMARY

There are various species of High Maintenance Trees throughout San Leandro that require annual trimming. Phase I was completed in September. With additional funds identified in the FY2022-2023 budget, staff requests an increase the number of trees to include a Phase II.

RECOMMENDATIONS

Staff recommends that the City Council approve Amendment No. 1 to the Non-Professional Services Agreement (NPSA) with Bay Area Tree Specialists for High Maintenance Tree Trimming for the maximum amount of \$126,169.

BACKGROUND AND ANALYSIS

San Leandro has various types of High Maintenance Trees growing throughout neighborhoods in the City. High Maintenance Trees require annual trimming and can become structurally weak and susceptible to failures if proper pruning is not completed.

On April 26, 2022, the Finance Department issued Bid No. 21-22.015 for High Maintenance Tree trimming. Tree species, quantity, location, and work requested are identified in the Non-Professional Services Agreement Exhibit A, Scope of Services. Seven firms submitted bids on or before the submittal deadline. Bay Area Tree Specialists submitted the lowest bid for a price of \$449.00 per tree, with a total contract amount of \$54,329 to trim 121 trees (Phase I). The bid price includes all labor, materials, disposal, transportation, and equipment/staffing necessary to perform the work. With additional funds identified in the FY2022-2023 budget, staff would like to increase the scope of work to include more tree maintenance work (160 trees, Phase II). Bay Area Tree Specialists agrees to the terms of Amendment No. 1 to the Non-Professional Services Agreement and will sign the amendment upon Council approval.
