2. DISCUSSION ITEMS

2.A. 18-496 Staff Report for a Discussion Concerning Small Cell Antenna Installations on City-Owned Street Lights and Utility Poles

IT Manager Tony Batalla provided an update on proposed small cell antenna installations on City-owned street lights and utility poles and a draft Master License Agreement. Mark Jones, representing

ExteNet Systems, answered questions on small cell antenna installations.

Committee Requests/Direction to Staff:

Council Member Lopez would like to look into an enterprise fund for broadband infrastructure growth.

Staff will present the Master License Agreement at a future City Council meeting. This will be followed by a small cell urgency ordinance to meet FCC timeline requirements that follows the National League of Cities model ordinance guidance. It was recommended that the agreement and ordinance be brought forward to the full City Council for review.

2.B. 18-549 Staff Update on Land Use Projects

Principal Engineer Michael Stella provided an update on Land Use Projects.

2.C. 18-550 Staff Update on Project Development Projects

City Engineer Nick Thom provided an update on Project Development Projects.

Committee Requests/Direction to Staff:

Council Member Lopez would like the Committee to consider a mitigation strategy for street parking including public outreach for the MacArthur Roundabout project.

Mayor Cutter and Council Member Lopez suggested a traffic camera be added to help monitor speed and/or install a speed feedback sign for traffic entering into the roundabout off the freeway.

Due to the trash pollution on the onramps, staff will reach out to Public Works and Caltrans to explore the ability to organize volunteers to assist in the cleanup.

Staff will review with the Committee more options for traffic flow at San Leandro Blvd/ Park Street.

Staff are reviewing the right turn on San Leandro Blvd/ Best Ave for improvements.

2.D. 18-551 Discussion Regarding Future Agenda Items
