WHEREAS, California Government Code Section 65300 *et seq.* requires every city and county in California to adopt a General Plan for its long-range development, and further, to periodically update that plan to reflect current conditions and issues; and

WHEREAS; in 2016, the City Council adopted the San Leandro 2035 General Plan; and

WHEREAS, Government Code Section 65450 *et seq.* permits a city to adopt a specific plan for the implementation of the general plan for part of the area covered by the general plan; and

WHEREAS, on February 20, 2018, the City Council adopted the Bay Fair Transit Oriented Development (TOD) Specific Plan (the “Specific Plan”); and

WHEREAS, the Bay Fair TOD Specific Plan Area encompasses 154 acres and is generally bound by East 14 Street to the northeast, Hesperian Boulevard to the west, and the border between the City and unincorporated Alameda County to the south and southwest (the “Specific Plan Area”); and

WHEREAS, the Bay Fair BART Station and parking lots, Bay Fair Center shopping mall, Fairmont Square and Fashion Faire Place shopping areas, and portions of the Hesperian and East 14th corridors are included within the Specific Plan Area; and

WHEREAS, the Specific Plan implements the City's General Plan, which identifies the Specific Plan Area as one of the City's most significant areas of potential change, and envisions the area as a dynamic, walkable, transit-oriented area with a mix of uses; and

WHEREAS, the Specific Plan provides a vision for a sustainable, vibrant, and safe transit-oriented village with a diversity of land uses serving local and regional populations; and

WHEREAS, the Specific Plan includes goals and policies related to land use, transportation/traffic, infrastructure, and design to fulfill the vision for the Specific Plan Area, and establishes uses and development standards for the Specific Plan Area; and

WHEREAS, the Specific Plan includes text and diagrams specifying the distribution, location, and extent of the uses of land within the area covered by the plan, as well as the location, and extent and intensity of major components of public and private transportation and other essential facilities located within the Specific Plan Area; and

WHEREAS, the Specific Plan identifies standards and criteria by which development will proceed; and

WHEREAS, the City Council desires to update the San Leandro Zoning Code, by adding Chapter 2.10, Bay Fair Transit-Oriented Development (B-TOD) District, to implement the Specific Plan and more specifically identify the standards for development within the Specific Plan Area; and

WHEREAS, the proposed changes to the Zoning Code will enable the development of a mixed-use urban village that supports housing, retail, office, entertainment, and civic uses with safe pedestrian and bicycle connections to public transit, services and employers; and

WHEREAS, new residential and non-residential uses in the Specific Plan Area will be required to provide certain minimum amounts of publicly accessible open space, as further specified in the Specific Plan and Zoning Code Chapter 2.10; and

WHEREAS, parks, green space, plazas, and other public open space encourage pedestrian activity, which is an important element of creating a sustainable, vibrant, and safe transit-oriented village; and

WHEREAS, Land Use Policy 11 of the TOD Specific Plan is to allow a variety of public open spaces, pedestrian oriented streetscapes, and gathering spaces to meet the needs of new and existing residents, visitors, workers and businesses; and

WHEREAS, Chapter 5 of the Specific Plan contains standards and guidelines for both public and private open space in the Specific Plan Area; and

WHEREAS, the City currently provides parks, recreational facilities, and open space to the community, and both the General Plan and Specific Plan have stated goals and policies related to the

creation and maintenance of parks, recreational facilities, and open space; and

WHEREAS, development of new residential and commercial projects encourages new residents to move to the City, as well as new non-residents to come to the City for work, shopping, and recreations. These new residents and visitors create increased demand for parks, recreational facilities, and open space suitable for a variety of ages and uses; and

WHEREAS, this demand is not created solely by residents, but also by employees of, and visitors to, commercial spaces, who use parks, recreational facilities, and open space before and after work, during lunch and other breaks, and after visiting commercial establishments; and

WHEREAS, if publicly accessible parks, recreational facilities, and open space are not provided in the Specific Plan Area, the demand created by new development in the Specific Plan Area will be directed elsewhere, and will overburden such facilities in surrounding areas, increase crowding, and decrease access; and

WHEREAS, the publicly accessible open space requirements are necessary to assist the City in meeting its stated goals for parks, recreational facilities and open space in the General Plan and Specific Plan and accommodate the demand for such open space created by the new residential and non-residential development in the plan area; and

WHEREAS, a conservative and reasonable estimate of build-out associated with the proposed Specific Plan through 2035 would include development of up to 2,540 housing units and 300,000 square feet of office space, as well as the removal of an estimated 161,000 square feet of retail space; and

WHEREAS, as population and densities within the Specific Plan Area increase, publicly accessible open space becomes an essential neighborhood amenity and a counterbalance in the built environment; and

WHEREAS, the publicly accessible open space requirements for residential and commercial development adopted by the Specific Plan and Zoning Code Chapter 2.10 are roughly proportionate to the demand for such open space created by new residential and commercial development, and there is a reasonable relationship between the amount of the publicly accessible open space requirement and the need for such open space; and

WHEREAS, the San Leandro Municipal Code currently requires certain types of developments to dedicate park land or pay the Park Facilities Development Impact Fee, the purpose of both of which is to create or finance the creation of park facilities to reduce the impacts caused by new development; and

WHEREAS, publicly accessible open space required by the Specific Plan and Zoning Code Chapter 2.10 will count toward the parkland dedication requirements of Municipal Code Chapter 7-1 and/or be a credit toward payment of the Park Facilities Development Impact Fee required by Municipal Code Chapter 7-13; and

WHEREAS, the City Council desires to amend the Zoning Map to ensure consistency with the General Plan and Specific Plan; and

WHEREAS, the City Council also desires to make certain amendments to the City's Municipal Code and Zoning Code to ensure consistency with the General Plan and Specific Plan, and related to the creation of the B-TOD Zoning District and elimination of the C-RM (Commercial-Regional Mall) District; and

WHEREAS, the City Council also desires to add Chapter 5.14, Development Plan Approval, to the San Leandro Zoning Code to govern the processing and approval of development plans, which shall be required for sites over 5 acres; and
