February 09, 2026

City of San Leandro Public Library
Mr. Brian Simons, Library Director
300 Estudillo Avenue
San Leandro, CA 94577

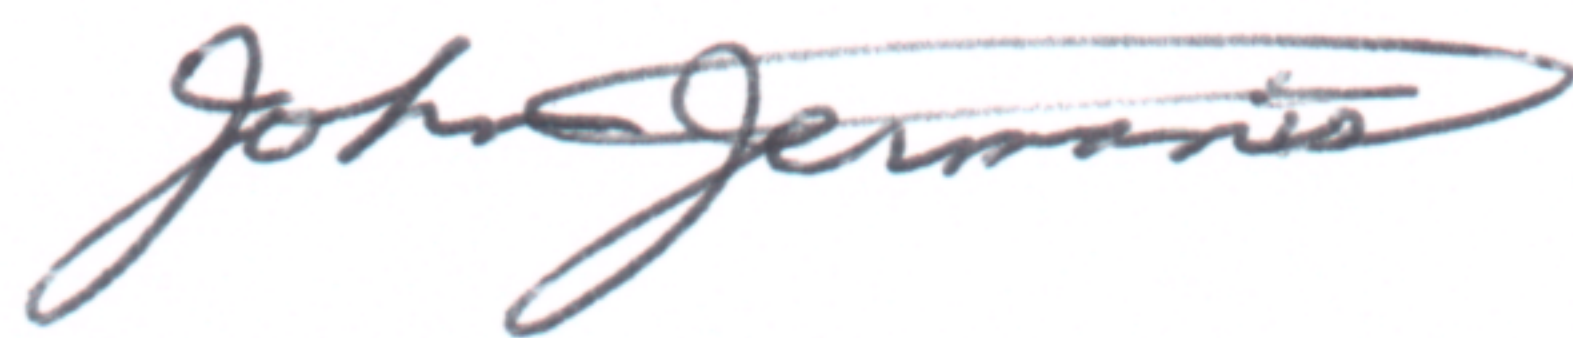

Dear Mr. Simons:

The San Leandro Public Library Foundation has received a donation of \$67,380 from the Estate of Donna B. Reed. Donna Reed was a longtime resident of the City and a former member of the Library-Historical Commission for many years. Donna's generous donation was given in recognition and deep appreciation for the extensive library services that are available for residents.

The donated funds are to be used to enhance library services and programs. The Foundation will disburse the funds to the City as appropriate library projects are identified and recommended for funding. Donna's family expressed an interest in having some of the funds used to create an interactive learning experience for children.

The Foundation Board looks forward to receiving funding proposals for the purchase of equipment, materials and vendor supported services that add to the cultural and educational experiences the San Leandro Public Library provides for the community.

Very truly yours,

John Jermanis, Treasurer
San Leandro Public Library Foundation
